

Preschool Practice Pages

For the month of August/September

Activities:

Family Tree

Creating a family tree is a fun way to talk and learn about the people in your family. We would like for you to showcase the important people in your child's life by creating your own family tree. By doing this, you are teaching your child about your culture, where the family comes from, and a sense of self. Not to mention cutting, pasting, coloring, and writing.

Enjoy this time working together, because the final outcome will be a great keepsake. We will laminate and proudly display this project within the classroom.

If you do not have pictures, the program will be happy to take pictures of your family when you come to The Center Early Childhood Programs. You could also be creative and draw your family. Again, look around your house for treasures to decorate the tree with.

All About Me Book

Your child is unique and special! Work with them to complete the All About Me book to help us learn some key information and celebrate each child as the special individual that they are!

**PLEASE RETURN PRACTICE PACK, ACTIVITIES, AND IN-KIND FORM
BY SEPTEMBER 29, 2016!**

School to Home Connections In-Kind Form

What activity this month did your child enjoy the most?

Stories we read this month:

***Place a star by any book title that you would recommend to other families

Please print child's name _____

Please print the name of person(s) who supported child with learning at home:

_____ Date _____

IN-KIND DOCUMENTATION:
