

Parent's Rights

- To take part in major policy decisions affecting the preschool programs
- To help develop parent activities that will benefit me and my family
- To be welcome at all times
- To choose my own way to participate
- To be informed about my child's progress in school
- To be treated with respect and dignity
- To contribute my unique talents and abilities to enrich the program
- To be able to learn about the program including budget and employment opportunities
- To be informed about resources in the community which may benefit my family

Parent's Responsibilities

- To learn about the program and share that knowledge with others
- To accept preschool as an opportunity to improve my child's life
- To be sure my child arrives on time and attends regularly
- To comply with all program requirements which may include health and dental exams, immunizations and home visits
- To form a partnership with teachers to work together to benefit my child
- To provide my child with firm, loving and protective guidance
- To help evaluate the program

**Welcome to The Center
Early Childhood Programs ~
Lake County School District**

- The Center is open from 6:30am to 5:30pm, Monday through Friday
- Head Start is in session 9:30am to 1:30pm, Monday through Thursday
- Colorado Preschool Program (CPP) operates Monday through Thursday from 9:15am-12:00pm.
- Tuition-based preschool is available on a prepaid monthly basis. Payment is due by the 15th of each month

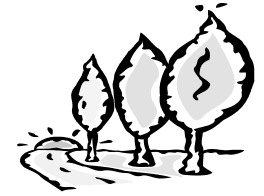

Attendance

One way to be sure that your child is getting the most from preschool is through regular attendance. Each day's learning builds upon the day before, and when children are absent, they miss some of that learning.

Children feel most secure with a regular routine, when they know what will happen next, and preschool will provide a very predictable schedule for your child.

Of course, children get sick and families must occasionally go out of town, so please call **486-6925** if your child must be absent. This is a 24-hour voicemail number so please leave a message with the dates and reason for absence, if you do not reach a staff member in person.

Home Visits

Teachers will be contacting you to schedule your first home visit this month; the second visit will be in April.

The purposes of home visits are:

- To build a friendship and partnership between the parents and teachers
- To give you information on your child's progress
- To update your goals for your child's education
- To get your input for program improvement

Your child's teachers will make every effort to schedule the visit at a time that works for you.

Your child will love welcoming his or her teachers to your home, and it helps children feel more comfortable in preschool when they know their parents and teachers are friends.

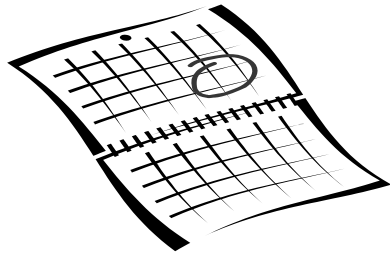

Please remember that the teachers are required to complete a home visit with every family. You can help by working with them to schedule yours.

November 2016

Why are Fridays Different?

- You are your child's most important and influential teacher, and your input is necessary for us to run a program that meets your family's needs. Please attend planning whenever possible. The teachers welcome your ideas.
- There is no regular Head Start or Colorado Preschool Program on Fridays.
- Please check with the Child Care Director for more information if you would like for your child to attend on Fridays.
- There are no buses on Fridays.

Ski Program

Please note that the Ski Program is for children who are going to Kindergarten next year **and is designed for children who have never skied before.** Selection is done by lottery draw from all interested applicants. See the flyer in your child's cubby for more information. Snowshoes are available to all families for checkout. Stop by Room 9 for more information.

Transportation Tips

Buses are available for children with special needs or those enrolled in Head Start who live within our transportation area. These two programs provide funding for transporting children, and our other programs do not.

If your child rides the bus, and you need to make a change in his or her pick up or drop off, please call **486-6925 ONLY**. We listen to the messages on this line right before the buses leave, so please do not leave a message on any other telephone line. If you want to confirm that your message was received, just request that we call you and leave a number where you can be reached, and we will call you back.

Please teach your child these bus rules:

- * Stay seated with seat belt buckled
- * Obey the bus driver
- * Never throw objects
- * Talk quietly
- * Walk (don't run) when getting on and off the bus
- * Keep hands to yourself
- * No food or glass containers on bus

In addition to bus safety, your child will learn about Pedestrian Safety as they participate in walking field trips with their class throughout the year.

We are also pleased to provide car-seat safety information to help you keep your children safe all the time.

Meet the Food Friends!

These wonderful friends are all about being healthy and having fun. They love to teach kids about new foods and how to move their bodies to help them grow up healthy and happy.

By trying new foods, they gain superpowers that make them healthy and strong.

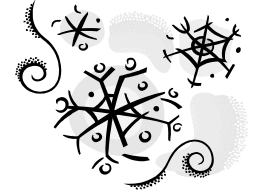

Food Friends can help your child become more confident in trying new foods and being less picky about eating. Ask your child about Marty Milk and Bella Bean and listen to what they say.

Winter Clothing

Please check each day to be sure your child has the winter clothing needed to enjoy his or her time outside. The teachers take the children out each day that the temperature is above 10 degrees.

Necessary items include a warm winter coat, a hat, waterproof mittens or gloves, snow pants, and snow boots. Be sure your child's name is on them.

February 2017

Parent/Teacher Conferences

The Center holds two conferences each year. The first one is held in August as part of our Open House, and the second one is this month!

At this time you will be able to talk with the teachers about your child's progress. All parents should attend, so if you are working please arrange to meet with the teachers when you are available.

To prepare for your conference:

- Tell your child there is nothing to worry about. Ask if there is anything he or she would like you to talk about with the teachers
- Make a few notes about your child's personality, habits and any concerns you may have
- Here are some questions you may wish to ask:
 - How is my child doing?
 - What can I do at home to help?
 - Does my child behave in class?
 - Does my child have friends?
 - Are there any problems?
 - Does my child need extra help?
 - Where can we get this help?

Most of all, take this chance to make friends with the teachers and celebrate your child's learning!

Preschool Enrollment

Reminder:

Open enrollment for the 2017-2018 program year begins on March 1, 2017. Please stop by Room 9 for an application, or contact Mary at 486-6928 or Jenny at 486-6925 for Spanish.

All applications must be completed and received by the May 25, 2017 deadline to be considered for the upcoming 2017-2018 school year. Selection for the 2017-2018 school year preschool slots will take place on June 5, 2017.

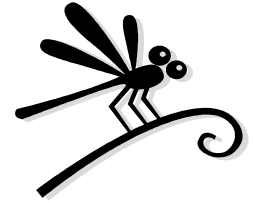

Applications are accepted throughout the year. Typically, The Center is fully enrolled at selection. To avoid being placed on the waitlist families are encouraged to complete the applications as soon as possible.

Head Start for 2nd Year Returning Children:

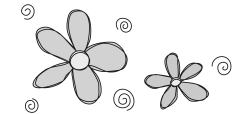

Your child is automatically eligible for the second year of Head Start, **but families must complete an application to re-enroll.**

If you have other children ages 3 to 5 or know of anyone that is interested in the program we are always looking for referrals.

Field Trips

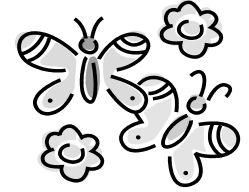

Our program recognizes that walking and bused field trips can provide an effective and worthwhile means of learning. The district has specific guidelines to screen and approve trips and ensure safety of all participants. Teacher-student ratio is maintained at all times.

The Power of Outdoor Play

- Studies show that fresh air can reduce the spread of colds and germs.
- The USDA recommends children move at least 60 minutes on most days, and 30 minutes for adults.
- Fall and winter play presents wonderful opportunities for children to observe and collect leaves and pinecones, make footprints and build things out of leaves and snow.
- At home, you can feed the birds by hanging apples, popcorn strings or pinecones rolled in peanut butter.
- Go for a nature walk, go sledding, or shovel and dig in the snow.
- Activity is the best gift you can give your child. Activity will help your child grow into an active adult.

**Prepare Your Child
For Kindergarten**

Have you signed your child up for kindergarten? If he or she will be 5 years old by October 1 of this year, contact the West Park Elementary front office at 486-6890 for registration info.

There will be Transition Activities scheduled in May for you and your child to become familiar with the kindergarten program at West Park Elementary School. Please check The Center's newsletter and your child's cubby for the dates and times for these activities to ease your transition to public school.

Some things you can do to help your child get ready are:

- Visit the kindergarten rooms during transition events. Your child will feel more secure if he or she sees the classroom ahead of time.
- Show him or her where to get a drink, and where to put his or her coat and backpack.
- Visit the bathrooms.
- Use the materials given to you by the preschool and kindergarten teachers to keep your child's skills up during the summer.
- Be sure you know your rights and responsibilities. This material will be in your kindergarten handbook, available in the front office.

10 Great Reasons to Participate in Your Child's Preschool Education

1. Studies show that children of involved parents do better in school and in life.
2. Our programs appreciate and depend on parent participation, and we track the number of hours of parent and community involvement.
3. Participating on a committee can help you meet new people and learn about the program.
4. We respect parents and realize that not everyone can volunteer in the classroom, so we offer a variety of ways you can participate.
5. Your voice is important and we want your input on providing quality services to meet the needs of families.
6. Family Fun Nights offer great activities for a night out for the whole family, four times a year.
7. Participation on the Policy Council gives you a chance to have input on program policies and budget.
8. "Practice Packs" will come home with your child, so you can work on his or her skills together. You can be involved in the comfort of your own home.
9. Many opportunities for parent education and training are available, which also count as parent involvement.
10. The kids are so proud for you to see their work, their classroom, and their teacher.

Check the Parent Participation section in this handbook for more information on ways to participate.

**BE YOUR CHILD'S
BIGGEST FAN**

Children are looking for your approval at all times. They want to feel that they are wanted, needed, and accepted for who they are. As they begin to grow and learn about their passions, it will be important for you as their parent to do whatever you can to become your child's biggest fan.

What does it mean to be your child's biggest fan? This means that you know your child, their likes, and their dislikes. You know what they aspire to become and the heroes that they have. You are aware of why they do the things they do, and what gives them energy, and what discourages them. Think about fans of celebrities. They are aware of every single detail of that person's life and will do whatever they can to be that person's biggest proponent and ally.

As a parent, this is your job. You must take on this role with your child.

When you think about being a fan, the first thing in your mind may be sports, but encouragement can be transferred to anything, whether it is sports, band, drama, schoolwork, or helping around the house.

Ask yourself, "Am I my child's biggest fan? What else can I do to show them my support?"
