Governance Commitment

The Board, on behalf of students, staff, parents and the community, holds itself accountable to the district by ensuring that all action it takes is consistent with the values and beliefs of the district as stated in the Board's *District Priorities* and other policies.

The Board's focus on students will always override all other considerations.

In the fulfillment of this charge, the Board is committed to rigorous, continual improvement of its capacity to define its concerns in terms of values and to define its vision in terms of expectations.
