Great News from Rm. 130

Ms. Jackie and Ms. Donna

Happy February! This month, we will be continuing our building study. We will learn all about buildings in our neighborhoods, what makes them strong, and what makes buildings special. We will continue our second step curriculum which includes: joining in with play, saying the problem, thinking of solutions, and speaking assertively. This month we will be starting mail month. Each student will have their own box to put mail from friends, relatives, and teachers that are mailed to the school. Please let anyone you'd like to have mail your student that this starts February 7th.
