Hello parents! This month we are finishing the Buildings Study and starting a new study about balls. We will also be wrapping up our Mail Month at the end of the month. Home Visits will be happening from March 2nd -4th so please keep an eye out for an email to sign up. We prefer to do them at your home as a convenience for you; however, if you prefer to do them at the school we can do that. Please remember to bring your child's snow clothes **every day**. If your child needs any snow clothing, please let us know as we have some we can give them to keep. Remember to label any snow clothing that gets sent to school as well. Lastly, please send your child with a water bottle every day. Thank you!

OUR LEARNING

The letters that we will be focusing on this month are K, A, M and N.

During the Ball Study we will be diving into discussions and experimenting with everything there is to learn and discover about balls, such as the different sizes they come in, how far up balls can bounce and different ways balls can be used.

HOME CONNECTION

There are several ways to continue the learning experience at home, such as talking about what balls are used for, the different shapes and sizes balls come in and simply just playing together!

Don't forget to send your child mail – you can drop it off at The Center to save a stamp!

Hay varias maneras de continuar la experiencia de aprendizaje en casa, como hablar sobre para que se usan las pelotas, las diferentes formas y tamaños de las pelotas y simplemente jugar juntos.
