Welcome to the month of April!!

- \* We are still learning the Ball Study, we have put out different types of balls in each area and we have posted pictures of different sports played with each ball! Which one is your favorite? What size of ball do you like best? How many times can a basketball bounce?
- \* Our letters of the month are V, W, X. Each week we will practice one by one learning the name and the sound of the letter. .
- \* Our color of the month is purple, our shape is a triangle, and we will learn to recognize number 9 and count one by one until reaching 9. We will learn to demonstrate the number 9 with our fingers.. Our rhyme for the month is Cat/Hat. We will show a picture so that the last sound at can be recognized.

## APRIL 2022

### Our learning

This month we'll be focusing on social emotional skills: learn to use words for our own needs, and learn to resolve conflicts that are hard to solve. (For example: using their words to get the milk open)

### Home connection

At home we'd love for you guys to help us practice how and when we should use our words to communicate when something is needed.
