We made it to the last month of school! What a year it has been! Ms. Katie and I are so grateful to have had such a wonderful class this year. This group of kids are great friends, helped everyone they could, and are so eager to learn. We are so proud of all their hard work! For the students going to kindergarten we cannot wait to see how much more you grow and learn. For our students returning to Preschool for another year, we cannot wait to see you after summer break. Ms. Katie and I will miss you all very much and wish you the best of luck with your future adventures in life! Thank you for being our amazing class!

OUR LEARNING

This month we will continue talking about kindergarten and how we are feeling about the transition. We will also talk about friendships we have made throughout the year.

HOME CONNECTION

We encourage our families to spend as much time outside as you can! Explore parts of Leadville you may have never explored before, visit the public library, and explore all the parks in town. There is learning everywhere and doing it as a family makes it even more meaningful for your child.
