

## Environmental and Safety Program

It shall be the policy of the district to guard against accidents by taking reasonable precautions to protect the safety of all students, employees, visitors and others present on district property or at school-sponsored events.

All district personnel shall adhere to recommended safety practices as these pertain to the school plant, special areas of instruction, student transportation, school sports, occupational safety, etc.

The practice of safety also shall be considered a facet of the instructional program of the district schools, and instruction in accident prevention as well as fire prevention; emergency procedures; traffic, bicycle and pedestrian safety, and driver education shall be provided in the appropriate grades and classes.

Principals shall be responsible for the supervision of a safety program for their schools. The superintendent shall have overall responsibility for the safety program of the district. It shall be the responsibility of the superintendent to see that appropriate staff members are kept informed of current state and local requirements relating to fire prevention, civil defense, sanitation, public health and occupational safety.
