

## **Communications with Parents**

The district recognizes that parents/guardians play an integral part in the success or failure of the school and of the teacher to educate students. Therefore, the district requires the staff to maintain strong lines of communication with parents/guardians of each student. Communication lines are developed in many ways—telephone calls, e-mail, notes, formal notices, conferences—and the staff shall use all of them in its quest to maintain a strong home/school relationship.
