motion for amendment failed 1-4-0.

Director Solomon moved to reconsider her original motion to approve plans as proposed.

Director Federico seconded the motion;

A vote was called for.

	Baker	Contreras	Federico	Solomon	Weston
Aye			X	X	
Nay	X	X			X
Absent					

Motion for approval failed 3-2-0.

Director Weston moved that we reconvene next Tuesday to continue the discussion and reviewal of plans. There was no second and motion failed.

Director Contreras interjected and stated she believed that she missed something while dealing with internet issues and she believed she was voting on the amendment to the motion.

Director Solomon moved that we adopt the plans as presented.

Superintendent Massey clarified that the amendment motion failed and the second vote also failed. At this point in time we would continue with our current instructional plans unless there was a directive from the board and that Director Weston had proposed that we have a meeting on Tuesday. Director Contreras asked if we should be looking to propose that motion again, Director Solomon responded that she redo the motion as it sounded like Director Contreras was unclear of what she was voting on. Superintendent

Masses explained that with Roberts Rules of Order that Director Contreras would actually ask to resend her vote. Director Weston said he thought it would be a move to reconsider and was unusual immediately following the vote. Director Contreras asked to clarify that there was a motion on the table to come back to this motion on Tuesday. Superintendent Massey clarified that there would need to be a motion to move forward with having a meeting on Tuesday. Director Weston so moved his original motion to have a meeting on Tuesday. There was no second on the motion. Director Weston thanked everyone for the opportunity to participate in the meeting but as he had nowhere to plug his computer in, he would have to leave the meeting. Director Contreras apologized for her audio and not being able to hear well.

Superintendent Massey explained that what we needed to decide on was that an instructional plan was not voted on and an action was not take, there was a proposal to postpone the meeting that did not receive a second and therefore we either need to adjourn the meeting or there needs to be a new motion made for a different action that would be put forward. If there is new motion for a different action that would be put forward then a vote would be take. If there is no new motion taken forward then nothing has been adopted and we would continue our instruction as we currently are currently running.

It was moved by Director Solomon to reconsider to give our leadership clear direction.

Director Federico seconded the motion.

A vote was called.

TOPIC SUMMARY

Project Dream Video

Project Dream through the Lake County School District is requesting funds through the Colorado Department of Education to continue a 21st Century Community Learning Center for grades 3-6 at Lake County Intermediate School (LCIS) and for grades 7-12 at Lake County High School (LCHS), as separate sites. LCSD seeks funds to continue and build on its successful after school, fifth day Friday, and summer programming in the 2021-2022 school year. The programs provided bolster turnaround efforts by increasing opportunities for targeted, well-paced intervention throughout the year, and reducing summer learning loss. Programs address the whole child and give students the chance to pursue enrichment opportunities. Students that participate in programs benefit from meaningful intervention and enrichment opportunities, effectively increasing contact hours to improve academic outcomes and social emotional wellbeing. LCSD has proven success in implementing 21st CCLC programs through 100% teacher survey return rates (even in 2020), meeting or exceeding goals, and reliance of programs - especially during the COVID-19 pandemic when centers provided double the amount of hours to meet the needs of schools and families. LCSD is requesting \$149,133 for programs at LCIS and \$61,360 for programs at LCHS per year for the next five years.

The following are narratives and budget justifications for a Cost-Of-Living Adjustment (COLA) of 1.22% increase to the permanent base funding for our Head Start and Early Head Start grant. The requested award amount is \$7895.00.

Our program serves all of Lake County, Colorado. The Center, a comprehensive early childhood center, was developed through the collaboration of community agencies by the Lake County School District in 1988. Head Start is an integral part of the many Early Childhood Programs that operate within The Center. The Center is licensed for 110 children ages 3 to 5 years of age. The building is open 10 hours a day during the school year, providing preschool services to the majority of the county's three and four year olds. The program allows parents to commute long distances to work knowing their children are well cared for at The Center. The Early Childhood programs and funding sources used to operate the building include Head Start, Colorado Preschool Program, Special Education, Colorado Child Care Assistance program (CCCAP), program tuition and private foundation monies. The Center has been able to offer affordable childcare rates through its system of braided funding. Each program compliments the others allowing for the best possible services for all children and families. Those families not enrolled in one of many funded programs pay a sliding scale fee for childcare services.

Currently, the Lake County Head Start program is funded for forty children who receive Head Start preschool services at The Center. In addition to center-based care, we offer home visiting with our Early Head Start program. The home visitor offers a full range of services through home visits with the child's family and group socializations. Our Early Head Start program is funded for twelve spots in the home based option.

Mission Statement:

Our mission is to serve and respect children and families by providing research-based early childhood services that promote the development of knowledge, life skills and self-esteem.

COLA Narrative & Budget Justification

We propose allocating the \$7895.00 permanent COLA funding increase to staff salaries and fringe benefits and supplies. Teacher retention is always a challenge. By increasing salaries to commensurate with similar programs and other local industries, we feel it would allow us to hire and retain the most qualified staff at The Center. Higher staff retention rates would translate into improved classroom quality and teaching practices along with overall staff "happiness." Therefore, we propose using COLA funds to permanently give our current early childhood staff a 1.22% increase to the wage scale, to fund a 1.22% increase to the salary schedule, and to fund the associated fringe benefit increases. This will be uniformly applied to all Head Start and Early Head Start

staff. This increase will be made retroactive to the beginning of the 2021 fiscal year, which was February 1, 2021.

In Kind

Our in kind match for this COLA and QI funding opportunity is \$1974. We plan to meet this requirement with increasing the amount of time counted for services from our Speech Language Pathologist. Head Start children on IEPs receive services from school district employees who are not paid with Head Start funds. A percentage of the speech language pathologist's salary may be counted as a donation to the program based on the number of children being served by special education staff and the portion of their

weekly schedules spent in the building. The Speech Language Pathologist spends approximately half of their time in preschool and 47% of the children she serves on IEPs are in Head Start. We have been counting only \$1000 of her salary as a donation and can easily increase this by the required \$1974 to \$2974, which is still far less than that part of her salary spent in service to Head Start children.

Additional In Kind value = \$1974

RE: ESSER II Presentation

TOPIC SUMMARY

Background: In December 2020, the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) was signed into law, providing an additional \$82 billion in funding for the national Education Stabilization Fund (ESF). The ESF funding provides support for K-12 schools with a total of \$54.3 billion added to the Elementary and Secondary School Emergency Relief (ESSER) Fund (called ESSER II). Under CRSSA, Colorado has been allocated \$519,324,311 to the ESSER II fund, of which the Lake County School District will receive \$772,212.

Allowable uses include:

- Any allowable activity under ESEA, IDEA, Adult Education, Perkins CTE
- Coordination of COVID preparedness and response, numerous specific COVID response activities
- Addressing learning loss, including through assessment, evidence-based activities, parent engagement, tracking attendance, and improving student engagement*
- School facility repairs and improvements to enable operation of schools to reduce risk
 of virus transmission and exposure to environmental health hazards, and to support
 student health needs; improve indoor air quality*
- Other activities that are necessary to maintain the operation of and continuity of services in LEAs.

Topic for Presentation: District allocation of ESSER II funds. This proposal prioritizes funding Counselors (3 FTE) across the district through FY23, Summer School, and Custodial Supplies. Additionally, upgrades to Pitts to accommodate Cloud City High School and an Erate match for technology upgrades scheduled for Summer 2021.

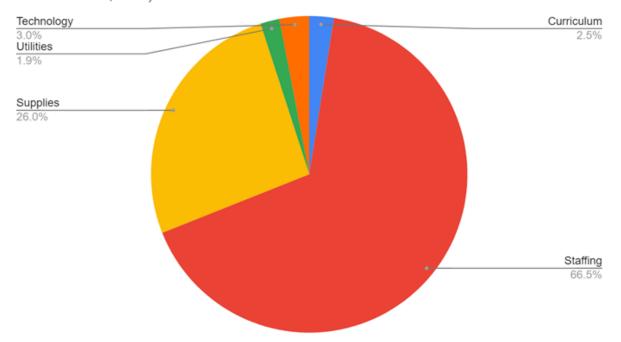

FY21 - \$144,923: Staffing (\$44,587) Due to budget cuts this year, a counselor role was not rehired at LCIS. The position is currently listed for hire due to this additional funding stream becoming available. Supplies (\$81,097) Upgrades to Pitts to accommodate Cloud City High

School, replacement filters for ventilation systems, camera for online instruction, and kids masks. Curriculum (\$19,239) Special Education assessments, and online curriculum.

FY22 - \$328,863: 3 FTE Counselors (\$230,363), Custodial Supplies (\$60,000), Erate Match - Technology update to servers and switches (\$23,500), Utilities for Cloud City High School move to Pitts (\$15,000).

FY23 - \$298,426: 3 FTE Counselors (\$238,426), Custodial Supplies (\$60,000).

Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA)

Elementary and Secondary Emergency Relief II

Background

On Dec. 27, 2020, the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) was signed into law, providing an additional \$82 billion in funding for the national Education Stabilization Fund (ESF). The ESF funding provides support for K-12 schools with a total of \$54.3 billion added to the Elementary and Secondary School Emergency Relief (ESSER) Fund (called ESSER II) and \$4.05 billion for the Governor's Emergency Education Relief (GEER) Fund called GEER II.

Under CRSSA, Colorado has been allocated \$519,324,311 to the ESSER II fund and \$47,865,504 to the GEER II fund.

ESSER II Fund Distribution

ESSER II funds will be distributed according to the same process as the March 2020 ESSER I funds with 90% flowing to local education agencies based on their Title I formula and 10% reserved for state-level activities. Similar to ESSER I dollars, only 0.5% of the total state award may be used for administration activities. States are instructed to use all remaining ESSER funds before making use of the ESSER II funds, given the shorter remaining period of availability (see Timing section below).

Under ESSER II, Colorado has been allocated \$519,324,311 with at least \$467,391,880 for direct distribution to districts and no more than \$51,932,431 for state-level activities. Preliminary district allocations are available at http://www.cde.state.co.us/caresact/esseriipreliminaryallocations.

Although the ESSER II uses of funds are similar to those for ESSER, there are important distinctions between the ESSER I and ESSER II programs, including the period the funds are available, equitable services to non-public schools, maintenance of effort, and a report on efforts to measure and address learning loss.

ESSER II allowable uses include:

- Any allowable activity under ESEA, IDEA, Adult Education, Perkins CTE
- Coordination of COVID preparedness and response, numerous specific COVID response activities
- Other activities that are necessary to maintain the operation of and continuity of services in local education agencies
- Addressing learning loss, including through assessment, evidence-based activities, parent engagement, tracking attendance, and improving student engagement
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs; improve indoor air quality

Timing

The U.S. Department of Education awarded ESSER II funds to CDE on Jan. 5, 2021, and funds may be used until Sept. 30, 2023, whereas, ESSER I funds must be used by Sept. 30, 2022.

Equitable Services for Non-public Schools

Under the new act, there is no equitable services requirement for ESSER II funds. However, under GEER II, \$2.75 billion has been allocated for emergency assistance to non-public schools nationally through a new Emergency Assistance to Non-Public Schools (EANS) program to be administered by state educations agencies (SEAs). Under EANS Colorado has been allocated \$28,433,931. Non-public schools can apply for EANS funds for "secular, neutral, and non-ideological" services and assistance, including sanitization, personal protective equipment, COVID testing, educational technology, and connectivity. SEAs are required to prioritize services or assistance to nonpublic schools that enroll low-income students and are most impacted by the qualifying emergency. Under this provision, SEA may only reserve the lesser of \$200,000 or 0.5% for administration.

(Addendum A - 1.) See Section 2. A below. Additional Documentation Guidance: When salaries are charged to CRF funds, districts will need to have a different line item in their financial system data in order to tie these expenditures to the performance measure of increased instructional hours. This can be accomplished by tracking revenue and expenditures attributable to CRF using grant code 4012. Additionally districts must document increased instructional hours offered in Fall 2020 versus the baseline number of hours								

		• This section imposes record-keeping requirements on recipients of federal education funds. Each recipient shall maintain records that fully disclose the amount and disposition of such funds, the total cost of the activity for which the funds are used, the share of that cost provided from other sources, and other records that contribute to an effective financial or programmatic audit. Records must be maintained for three years after the completion of the activity for which the funds are used. Allowability provisions also apply depending on whether the expense was budgeted as of March 27, 2020. Please see guidance below.

4	Facility Schools	Did not receive a direct allocation, but the LEA may choose to serve the facility school on equal footing with other public schools.	Received an allocation. Allocation must be spent on allowable expenditures outlined here.
5	Charter Schools (that are not an LEA)	Did not receive a direct allocation, but the LEA may choose to serve the school; CDE encourages LEAs to treat all public schools, including charters, on equal footing.	The CRF funds are distributed on a per pupil basis based on a calculation inclusive of charter school students. Therefore, Section 22-30.5-112(3), C.R.S. directly applies and requires sharing with charter schools on a per pupil basis. The distribution approach used to share the funds for furniture, fixture and equipment for full-day kindergarten through HB19-1055 may be instructive for the distribution of the CRF funds, since both use the same allocation methodology. While not a statutory requirement, CDE's guidance will be that districts distribute CRF funds to charter schools up front (100% allocation, not by reimbursement) and then require charters to expend them based on the allowable uses guidance. A district cannot withhold the 0.5% for admin/indirect costs from the charter school's allocation District payments to charter schools, and charter school revenue recording, must follow flow-through accounting as detailed in the Chart of Accounts: • District records CRF revenue: source 4000, grant 4012 • District records flow-through payment

			to charter: object 0594, grant 4012 Charter records CRF revenue from district: source 4954, grant 4012 Charter records CRF expenditures per allowable uses, grant 4012 (added 7/29/2020)
6	Preschool	ESSER I or II funds may be used to serve a Preschool that is part of an elementary school. Revised 02/01/21	Yes. CRF can be used for allowable preschool expenditures. Please refer to Addendum A on the Office of the State Controller website: Addendum A (Added 7/29/2020)
7	Non-Public Schools	ESSER I: LEA is required to provide equitable services to all non-public schools in the district's boundary. ESSER II: There is no equitable distribution provision in ESSER II, therefore, there is no requirement to provide services to non-public schools with these funds. Revised 02/01/21	There is no equitable distribution provision for CRF funds; therefore, there is no requirement to share these funds with non-public schools.

9	Accounting Guidance	Based on allowable ESSER expenditures, a variety of funds may be used, including, but not limited to: General Fund (10), Charter School Fund (11), Colorado Preschool Program (19), Food Service Fund (21), Governmental Grants Fund (22), Pupil Activity Special Revenue Fund (26), Capital Reserve Capital Projects Fund (43) using grant code 4425 (Revised August 7, 2020).	Based on allowable CRF expenditures, a variety of funds may be used, including, but not limited to: General Fund (10), Charter School Fund (11), Colorado Preschool Program (19), Food Service Fund (21), Governmental Grants Fund (22), Pupil Activity Special Revenue Fund (26), Capital Reserve Capital Projects Fund (43) using grant code 4012 (Revised August 7, 2020) Unspent money as of June 30, 2020 must be tracked by the district and reported using Unearned Revenue (Balance Sheet code 7482). Unexpended funds as of December 30, 2021 must be returned to the State of Colorado, no later than January 2022.
10	Earned Interest on these Funds	Not applicable, ESSER funds are paid on a reimbursement basis only.	OMB guidance indicates a repayment and cap for interest earned on Federal funds that were forward-funded. (200.305). However, CRF grant guidance from Treasury does indicate that the interest earned, must be utilized to offset those allowable expenses as indicated in the CRF FAQ and Guidance from the Treasury (COVID19 allowable expenditures as indicated for CRF). CRF funds can be deposited into an interest bearing, insured account. HOWEVER, those interest earnings must be tracked closely and separately to ensure that your district spends those earnings on CRF Allowable expenditures. In addition, if not all original

			CRF funds and interest earned are fully expended by grants end (12/30/20), the CRF funds AND interest earned will be required to be returned.
11	Record Retention Guidance: Examples of supporting documentation could include (this is not an exhaustive list): • general ledger and subsidiary ledgers used to account for (a) the receipt of Coronavirus Relief Fund payments and (b) the disbursements from such payments to meet eligible expenses related to the public health emergency due to COVID-19; • budget records for 2019 and 2020; • payroll, time records, human resource records to support costs incurred for payroll expenses related to addressing the public health emergency due to COVID-19; • receipts of purchases made related to addressing the public health emergency due to COVID-19;	ESSER: funding is subject to 2CFR200.400-475 as well as 2CFR200.300-345 which specifically indicates Record Retention Requirements for Federal Funding. The requirements for record retention of expenditure detail and supporting documentation is subject to 3 years, following the date of the final expenditure report, or close out. A grantee and subgrantee must maintain appropriate records and cost documentation as required by 2 CFR § 200.302 (financial management), 2 CFR § 200.430(i) (standards for documenting personnel expenses), and 2 CFR § 200.333 (retention requirements for records) to substantiate the charging of any compensation costs related to interruption of operations or services. *Revised 02/01/21*	Recipients of CRF payments shall maintain records for a period of five (5) years following the date of the final expenditure report, or close out per https://home.treasury.gov/system/files/136/IG-Coronavirus-Relief-Fund-Recipient-Reporting-Record-Keeping-Requirements.pdf. In order to eliminate the potential for Internal Policy and Procedure findings, it is highly recommended to ensure your entities internal policies and procedures address the possibility for contingencies or alternate policy/procedures in the event of an interruption of operations due to an emergency situation. This could include additions to internal procedures noting a change in procurement requirements, 'wet' signatures, time and effort certifications, and other areas covered in 2CFR200 Subpart D. While CDE cannot provide specific language, as this is a district policy, we encourage this update to be made. Federal funds are subject to monitoring activities, and part of the monitoring procedure is reviewing those processes followed, as compared to what is documented Policies and Procedures for the entity to ensure the entity follows their own internal Policy or Procedures.

If a grantee or subgrantee does not currently have in place a policy that addresses extraordinary circumstances such as those caused by COVID-19, the grantee or subgrantee may amend or create a policy in order to put emergency contingencies in place for Federal and

non-Federal similarly situated employees. ... (https://www2.ed.gov/documents/coronavirus/factsheet-fiscal-questions.pdf)

Section 2: Frequently Asked Questions on Allowable Expenditure Types

A.) Personnel providing increased instruction time to enable the State's workforce to return to work in response to COVID-19 -CRF: The following expenditures fall within the broad allowable use category of providing economic support. **Expenditure Type CRF Allocation** # ESSER I 90% Allocation, ESSER I Supplemental Funds & ESSER II 90% Allocation (effective March 13, 2020) *Must be for the purpose of continuing education during school closure &/or returning to normal operations* Additional information on allowable uses under ESEA, IDEA, etc. can be found here. **Must be reasonable and necessary as a part of the LEA's plans to prepare for, respond to, or prevent the spread of COVID-19. **Yes**, *if* necessary, reasonable, and allocable for 1 Increasing instructional time Increasing instructional hours that were the purposes of continuing educational services reduced due to COVID-19 in order to return during school closures or for implementing a to a normal level of instructional hours in plan for return to normal operations, and the fall of 2020 is an allowable use related incurred during the award period between to the provision of economic support in March 13, 2020 and June 30, 2021 [CARES Act, connection with the COVID-19 emergency Section 18003(d)(12) - other activities necessary to stimulate the economy by supporting to maintain the operation of and continuity of Colorado's workforce through increasing services and continuing to employ the existing free instructional hours for our kindergarten staff of the LEA]. through 12th grade education system.

ESSER II award period = March 13, 2020 through January 6, 2022. [CRRSA Act, Section 313(d)(12), addressing learning loss].

All ESSER-funded activities must be necessary to prevent, prepare for, or respond to COVID-19.

Revised 02/01/21

Yes, CRF funds were intended, in part, "to stimulate the economy by supporting Colorado's workforce through increasing free instructional hours for our kindergarten through 12th grade education system." As such, funds may be used for expenses to increase instructional hours that were reduced due to COVID-19 closures in the spring of 2020, in order to return to a normal level of instructional hours in the fall of 2020. This criteria, increasing instructional hours, can be evaluated on a standalone basis and does not need to be considered in combination with other criteria.

(Addendum A)

Instructional hours guidance: Increasing instructional hours can be demonstrated by increased instructional hours in fall of 2020 compared to instructional hours provided in spring of 2020 to enable the State's workforce to return to work. Instructional time includes both in-person and remote.

Allowable Example 1: If the high school within a district provided 4 hours of remote instruction per day following the change to remote learning and districts are providing 6 hours of in-person and/or remote instruction per day in the fall of 2020, the high school has increased instructional time

			by 2 hours per day. Staff salaries and other expenses related to the increased instructional hours at this school (2 hours per day, or 33% of the total instructional hours provided in the fall) is allowable. Alternatively, if the district's elementary school provided 2.5 hours of remote instruction per day in Spring 2020 and is providing 6 hours of in-person and/or remote instruction per day in the fall of 2020, this school has increased instructional time by 3.5 hours. Staff salaries and other expenses related to the increased instructional hours at this school (3.5 hours per day, or 58% of the total instructional hours provided in the fall) is allowable. As stated above, the use of CRF funds to increase instructional time can be evaluated on a standalone basis. No additional criteria needs to be considered regarding whether the activities are "substantially different", etc. The remainder of this document provides guidance to assess additional allowable uses of funds, including but not limited to when an activity is considered "substantially different" as a result of COVID.

Although ESSER II funds are intended to support learning loss and reopening of schools, using the funds to pay for athletic/sporting event expenses may be allowable if the above conditions are met. The LEA must have documentation to demonstrate that this is the most cost-effective way for the LEA to implement this activity (e.g., results of researching options for implementing such an activity) and that there is a direct relationship to COVID-19. C.) Personnel performing allowable activities (other than increasing instructional time) in response to COVID-19 -

CRF: The following expenditures fall within the broad allowable use categories: facilitating distance learning, public health expense or substantially different use.

ESSER: Generally, a grantee or subgrantee may continue to charge the compensation (including but not necessarily limited to salaries, wages, and fringe benefits) of its employees who are paid by a currently active grant funded by the Department to that grant, consistent with the organization's policies and procedures for paying compensation from all funding sources, Federal and non-Federal, under unexpected or extraordinary circumstances, such as a public health emergency like COVID-19.[1] Thus, if the organization pays, consistent with its policies and procedures, similarly situated employees whose compensation is paid with non-Federal funds during an extended closure, those paid with grant funds from the Department may also continue to be paid.[2] However, an employee who is being paid with Department grant funds while the program grant activities are closed in whole or in part due to the COVID-19 pandemic may not also be paid for the time during which the program is closed by the organization or another organization for working on other activities that are not closed down.

If a grantee or subgrantee does not currently have in place a policy that addresses extraordinary circumstances such as those caused by COVID-19, the grantee or subgrantee may amend or create a policy in order to put emergency contingencies in place for Federal and non-Federal similarly situated employees. If the conditions exist for charges to be made to the Federal grant, charges may also be made to any non-Federal sources that are used by a grantee or subgrantee in order to meet a matching requirement.

In the context of acquisitions of equipment or leased property, this means that the acquisition itself must be necessary. In particular, a government must (i) determine that it is not

- approval by its SEA. See section 18003(d)(1) of the CARES Act, Title VII of the ESEA, and 2 CFR § 200.439(b)(1).
- Specifically, the Impact Aid definition of "construction" includes remodeling and renovations, under which many activities related to COVID-19 would likely fall. As is the case with all activities charged to the ESSER Fund, construction costs must be reasonable and necessary to meet the overall purpose of the program, which is "to prevent, prepare for, and respond to" the COVID-19 pandemic. See CARES Act Department of Education, Education Stabilization Fund heading and 2 CFR §§ 200.403-200.405.
- This might include renovations that would permit an LEA to clean effectively (e.g., replacing old carpet with tile that could be cleaned more easily) or create a learning environment that could better sustain social distancing (e.g., bringing an unused wing of a school into compliance with fire and safety codes in order to reopen it to create more space for students to maintain appropriate social distancing).
- Approved construction projects must comply with applicable Uniform Guidance requirements, as well as the

able to meet the need arising from the public health emergency in a cost-effective manner by leasing equipment or by improving property already owned and (ii) maintain documentation to support this determination. Likewise, an improvement, such as the installation of modifications to permit social distancing, would need to be determined to be necessary to address the COVID-19 public health emergency.

Previous guidance regarding the requirement that payments from the Fund may only be used to cover costs that were incurred during the period that begins on March 1, 2020, and ends on December 30, 2021 focused on the acquisition of goods and services and leases of equipment, but the same principles apply to acquisitions and improvements of equipment as well as leases of property. Such acquisitions and improvements must be completed and the acquired or equipment be put to use in service of the COVID-19-related use for which it was acquired or improved by December 30. Finally, as with all costs covered with payments from the Fund, such costs must not have been previously accounted for in the budget most recently approved as of March 27, 2020.

As an example, the lease of modular units (building) to expand classroom availability directly affects social distancing. Also, the

		Department's regulations regarding construction at 34 CFR § 76.600. All ESSER-funded activities must be necessary to prevent, prepare for, or respond to COVID-19.

Prior written approval (final approval on the ESSER application) from CDE is required before the direct charge rate to the ESSER funds.

Reasonableness includes being able to demonstrate that purchasing a bus is a more cost-effective approach than other alternative solutions (e.g., leasing a bus).

LEA purchasing and procurement policies must be followed, including following the capitalization policies. If depreciation is applied for capitalized equipment, then it must also be applied to bus purchases.

State safety requirements for purchasing vehicles must also be met.

Section 4: Budgeting Considerations for CRF Funds (Grant Code 4012)

Budgeting Considerations

FY 2019-20: Prior to the end of FY19-20 (June 30, 2020)

- Recipients should deposit CRF money and book a liability (Balance Sheet Code 7482, Grant Code 4012)
- Recipients should identify appropriate/eligible expenditures to be coded to CRF in FY19-20, and code to the appropriate/detailed Program and Object Code, with Grant Code 4012.
- Based on the expenditures for FY19-20, that you attribute to CRF, does the district have spending authority for these expenditures?
 - o If yes:
 - No further action for total appropriation purposes
 - The district may need to move budget lines to the appropriate Object (expense) category in the Chart of Accounts which the Superintendent may be allowed to do based on the District's specific budgetary policies
 - o If no:
 - A supplemental budget is required to provide additional spending authority, so the district is not in violation of having expenditures in excess of appropriated (budgeted) amounts for FY19-20

Update: 2/1/2021 -

Period of Performance for ESSER I and ESSER II began on March 13, 2020. Funds can be utilized for expenditures beginning March 13, 2020. If your district decides to utilize ESSER funds for expenditures in Fiscal Year 2020 at this point, some considerations should be made:

- Are your books closed?
- Is your Audit closed?
- Has your district already sent data pipeline?

Districts will want to work with their auditor to determine ramifications and steps to utilize ESSER funds for expenditures in the prior fiscal year.

FY 2020-21: Beginning July 1, 2020

- Recipients should identify appropriate/eligible expenditures for FY20-21, and code to the appropriate/detailed Program and Object Code, with Grant Code 4012.
- If the district has not included CRF funds in their FY20-21 budget, the district revise the budget to incorporate planned expenditures. Districts can do as many budgetary revisions as needed, up until January 31, 2021. After January 31, 2021 a supplemental budget must be adopted.

Appendix 1: Utilizing the 51% "Substantially Dedicated" Guidance for Personnel Expenditures under CRF

Considerations for Payroll Eligibility when Employees' Job Duties change due to COVID response

The following is adapted from the Office of the State Controller's payroll guidance document. Use this guidance primarily when an employee's job duties have changed due to COVID-19 response. When evaluating increasing instructional time, please use the guidance in line 37 instead. These questions should allow districts to determine if an employee's time is eligible for CRF funding under allowable uses related to having their job duties becoming "substantially different" due to COVID-19 response. In addition to "substantially different," an employee's time under this guidance must also be "substantially dedicated" to COVID-19 response, as described here:

Did the employee work 51% or more on COVID-19 in a pay period (in other words, were they "substantially dedicated to mitigating or responding to the COVID-19 public health emergency")?

- 1. If yes, then the pay for hours worked on COVID-19 is eligible for CRF CARES Act funds.
 - a. The OSC is interpreting "substantially dedicated" to mean 51% or more time devoted to the COVID-19 public health emergency. The OSC is using this interpretation based on comments from a high-ranking official at the US Department of Treasury.
 - b. All recipients of CRF CARES Act funds from the Governor's Office shall use 51% for "substantially dedicated" so that there are no different interpretations of this term.
 - c. It is possible that the Treasury may issue future Guidance or FAQs that explicitly include the percentage that meets the "substantially dedicated" threshold.

d. Definition of 51%

- i. Pay Periods Entities may have different pay periods, including weekly, biweekly, semi-monthly, monthly, and other schedules.
 - 1. Entities shall have their staff who are eligible for CARES Act funds track their time for COVID-19 projects.
 - 2. 51% shall apply to the pay period worked by the employee, rounded up to the next whole hour.
- ii. Example Biweekly employee who works 40 hours per week; 80 hours in the pay period.
 - 1. 80 hours x 51% = 41 hours (rounded up to the nearest whole hour)
 - 2. 72 hours x 51% = 37 hours (rounded up the nearest whole hour for a biweekly period with one holiday)
 - 3. 40 hours x 51% = 21 hours (rounded up to the nearest whole hour for biweekly period where employee took 40 hours of annual or sick leave)
- 2. If no, then ineligible for CRF CARES Act funds.

School District Examples:

- 1. Front office staff member's normal job duties are greeting visitors, answering phones and responding to school staff needs. In fall 2020, staff members will spend 75% of their time doing temperature and health checks for students.
 - a. Substantially different job duty, related to COVID-19 response? Yes
 - b. Substantially dedicated to COVID-19 response (51% or more of time in a pay period)? Yes
 - c. Eligible for CRF? Yes
 - d. Percentage eligible for relevant pay periods? 75% of payroll expenses
- 2. Front office staff member's normal job duties are greeting visitors, answering phones and responding to school staff needs. In fall 2020, staff members will spend 25% of their time doing temperature and health checks for students.
 - a. Substantially different job duty, related to COVID-19 response? Yes
 - b. Substantially dedicated to COVID-19 response (51% or more of time in a pay period)? No does not meet the 51% threshold
 - c. Eligible for CRF? No
 - d. Percentage eligible for relevant pay periods? N/A
- 3. Teacher normally spends 8 hours a day on instructional duties. In March-May 2020 pay periods, teachers will spend 3.5 hours per day on instructional duties and 4.5 hours a day providing IT technical support to students and families to address COVID-19 pandemic.
 - a. Substantially different job duty, related to COVID-19 response? Yes
 - b. Substantially dedicated to COVID-19 response (51% or more of time in a pay period)? Yes
 - c. Eligible for CRF? Yes
 - d. Percentage eligible for relevant pay periods? 4.5 / 8 = 56%

RE: St George and use of space

TOPIC SUMMARY

Background:

Since October 2020, St. George has been supplying rescued food to LCSD to support its Child & Adult Care Food Program (CACFP). As of March 2021, a need for additional space has become a reality.

Lake County's program prepares 100 meal boxes each Friday, which supply 5-7 days worth of breakfasts, lunches, and dinners as well as afternoon snacks/meals for after-school programs, including Project Dream. There is currently an open agreement with Luz Escalera, St. George's Kitchen & Food Procurement Manager, and Julie Mehle that the school may take as it needs from both our storage at the bus garage as well as our walk-in pantry housed at the church. Items that are commonly shared include fresh & dried fruit, meat (frozen & canned), cereals, apple sauce, snacks, soups & stews, eggs, and assorted dry goods.

Additionally, St. George has agreed to cover the food procurement costs for LCSD's new Mobile Learning Center. Since the grant for the Center covers the cost of a fridge but not food procurement, St. George has offered to purchase the food that will stock the fridge. We estimate that we will purchase a minimum of \$1,200-worth of fruit and snacks for the MLC per month. Our hope is that we can continue to deliver and store food at the bus garage for an easy, seamless exchange between the two parties and are happy to share invoices or any tracking that your Board might require.

Topic for Presentation:

An MOU that would allow a year commitment for St. George to use space at the old district office will be shared with the board.

Lake County School District R-1 Memorandum of Understanding Food Pantry Storage

This Memorandum of Understanding ("MOU") is made and entered into between the LAKE COUNTY SCHOOL DISTRICT R-1 ("District") and St. George Community Meals and Pantry ("St George") to establish the space needed and duration of this agreement.

District agrees to allow St George to use its building located at 107 Spruce St. Leadville, Colorado to provide storage for food. The area to be utilized is one large room on the south side of the building which historically was the board room. In addition, a freezer and refrigerator located in the maintenance shop can be utilized. These units are backup units for the district, the understanding is that immediate access would be needed by the district in the event a unit would fail in one of the school cafeterias.

St George agrees that it will exercise reasonable care in the conduct of its activities in said facilities and will be responsible for replacing, restoring, or repairing damage occasioned by the use of any building, facilities or equipment belonging to the District.

District recognizes the St. George food program as an asset to the community for supplying food to support the Districts 100 meal boxes every Friday that provide 5-7 days worth of breakfasts, lunches, and dinners as well as afternoon snacks for after-school programs, including Project Dream. Additionally, St. George has agreed to cover the food procurement costs for the Districts new Mobile Learning Center. The estimated cost to St George is \$1,200 a month for fruit and snacks.

Nothing in this MOU is intended to conflict with current laws or regulations of the United States of America, the State of Colorado, or any applicable local government. If a term of this MOU is inconsistent with such authority, then that term will be invalid, but the remaining terms and conditions of this MOU will remain in full force and effect. The term of this MOU begins the date signed by both parties through June 30, 2022; provided, however, either District or St George may terminate this MOU upon sixty (60) days' written notice to the other party.

This MOU will become effective when signed by both District and St George, and may be modified upon the mutual written consent of the parties. Oral amendments to this MOU are not permitted.

RE: Early Retirement MOU for SWAP coordinator

TOPIC SUMMARY

Background:

LCSD assigned the role of implementing the School to Work Alliance Program (SWAP) within the district for the 2020-2021 school year with the intent of this program continuing. This year, the Mountain Board of Cooperative Educational Services (BOCES) had interest in obtaining the SWAP program of LCSD and other districts of which the BOCES services and hiring the Employee to continue program implementation beginning the 2021-2022 school year. This shift allows 1) dollars that currently have to be set-aside at the beginning of the school year to be used throughout the school year for meeting monthly cash obligations such as payroll. 2) we anticipate benefiting from additional supports for the SWAP position as a result of the BOCES oversight of the program.

Our current SWAP employee qualifies for the incentive retirement program (LCSD policy GCQEA) for a severance bonus paid by the district to the employee in sixty equal monthly installments, without interest, commencing in September following the date of retirement.

As the district and BOCES benefit from the staff person continuing to deliver services and programming, it is in our best interest to support the transition of this employee over to the BOCES. An MOU has been crafted to allow for the employee to continue to qualify for the incentive program while she remains in

this specific role within BOCES. Terms and conditions have been outlined in the provided MOU.

Topic for Presentation:

An overview of the drafted MOU will be shared as well as an explanation of the conditions specific to this MOU will be discussed.

EDUCATIONAL SERVICES AGREEMENT

This Incentive Retirement Eligibility requirements Agreement is by and between Lake County School District ("LCSD") and Lauren Bissonnette ("Employee")(collectively the "Parties"), concerning the provision of policy GCQEA Incentive retirement of professional staff members adopted prior to 2016 and revised September 2020.

RECITALS

WHEREAS, LCSD policy GCQEA offers an incentive retirement of professional staff members employed by the district on June 30, 2016 to be eligible for a severance bonus paid by the district to the employee in sixty equal monthly installments, without interest, commencing in September following the date of retirement; and

WHEREAS, the Employee has been employed in the district since August 8, 2013 and has maintained their full assignment with uninterrupted service to the district through the 2020-2021 school year; and

WHEREAS, LCSD policy GCQEA notes that the employee must have a minimum of twenty years of full assignments in the district, the last ten years of which must be uninterrupted service to the district; and

WHEREAS, LCSD policy GCQEA notes that leaves that are approved by the Board and/or superintendent are not an interruption of service; and

WHEREAS, LCSD policy GCQEA defines the severance bonus equal to one year's annual salary, based on the employee's final contract with the district; and

WHEREAS, LCSD hired the Employee as the staff person to implement the School to Work Alliance Program (SWAP) within the district for the 2020-2021 school year; and

WHEREAS, the Mountain Board of Cooperative Educational Services (BOCES) has interest in obtaining the SWAP program of LCSD and other districts of which the BOCES services and hiring the Employee to continue program implementation beginning the 2021-2022 school year; and

WHEREAS, LCSD benefits both in service provisions as well as financial considerations from BOCES obtaining the SWAP program; and

WHEREAS, the Parties wish to enter into an agreement pursuant to policy GCQEA regarding the provision of leaves approved by the Board and/or Superintendent; and

NOW, THEREFORE, in consideration of the foregoing Recitals and the mutual understandings, releases, covenants, and payments specified below, the Parties agree as follows:

AGREEMENT

- 1. <u>Term</u>. This Agreement is effective beginning July 1, 2021.
- **2.** <u>Termination of Agreement.</u> This Agreement will be in effect for the duration of the Employee's leave from the district while in the sole role of SWAP coordinator employed by Mountain BOCES.

- **4.** <u>Uninterrupted Service to the District</u>. LCSD will consider the Employee's fulfillment of the BOCES SWAP coordinator position as an approved leave, and years of service in this role may count toward the uninterrupted service to the district required in policy GCQEA.
- **4.1** Any change to Employee's job title or position while employed with BOCES will result in an interruption of service to the district. Pre-approval of such change may be granted by the Board and/or superintendent.
- **5.** <u>Final Contract with the District</u>. The final contract considered for establishing the severance bonus amount will be the most recent employment contract signed between Parties.
- **5.1** LCSD will utilize the employee's last salary step/lane (cell) placement with LCSD (currently at MA+32) to identify the salary amount for the incentive bonus. Utilizing the cell placement (currently MA+32) the correlated cell of the salary schedule of the fiscal year in which the employee submits the letter of resignation by February 1 will be used to identify the incentive bonus amount.

RE: ARP ESSER III, Presentation

TOPIC SUMMARY

Background: On March 11, 2021 the American Rescue Plan (ARP) Act was signed into law. The ARP ESSER III funding from the ARP Act provides support for K-12 schools with a total of nearly \$122 billion to States and school districts to help safely open and sustain the safe operations of schools and address the impacts of the coronavirus pandemic on the nation's students. The ARP Act also allocates \$39.6 billion for the Higher Education Emergency Relief Fund, \$450 billion to the Individuals with Disabilities Education Act (IDEA), and \$2.8 billion for the Governor's Emergency Education Relief Fund. Under ESSER III, Colorado has been allocated \$1,166,328,632 of which the Lake County School District will receive \$1,734,278.

Allowable uses include:

- coordinating preparedness and response efforts with State, local, Tribal, and territorial public health departments to prevent, prepare for, and respond to COVID-19;
- training and professional development on sanitizing and minimizing the spread of infectious diseases:
- purchasing supplies to sanitize and clean the LEA's facilities;
- repairing and improving school facilities to reduce risk of virus transmission and exposure to environmental health hazards;
- improving indoor air quality;
- addressing the needs of children from low-income families, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth;
- developing and implementing procedures and systems to improve the preparedness and response efforts of LEAs;
- planning for or implementing activities during long-term closures, including providing meals to eligible students and providing technology for online learning;

- purchasing educational technology (including hardware, software, connectivity, assistive technology, and adaptive equipment) for students that aids in regular and substantive educational interaction between students and their classroom instructors, including students from low-income families and children with disabilities;
- providing mental health services and supports, including through the implementation of evidence-based full-service community schools and the hiring of counselors.

U.S. DEPARTMENT OF EDUCATION FACT SHEET American Rescue Plan Act of 2021 ELEMENTARY AND SECONDARY SCHOOL EMERGENCY RELIEF FUND (ARP ESSER)

This document outlines the American Rescue Plan Elementary and Secondary School Emergency Relief (ARP ESSER) Fund under the American Rescue Plan (ARP) Act of 2021, Public Law 117-2, enacted on March 11, 2021. ARP ESSER provides a total of nearly \$122 billion to States and school districts to help safely reopen and sustain the safe operation of schools and address the impact of the coronavirus pandemic on the nation's students. In addition to ARP ESSER, the ARP Act includes \$3 billion for special education, \$850 million for the Outlying Areas, \$2.75 billion to support non-public schools, and additional funding for homeless children and youth, Tribal educational agencies, Native Hawaiians, and Alaska Natives.

To address the immediate needs of schools and districts, the U.S. Department of Education (Department) will begin making ARP ESSER funds available to States this month.

ARP ESSER OVERVIEW

State Allocation of ARP ESSER Funds

- A State must subgrant not less than 90 percent of its total ARP ESSER allocation to local educational agencies (LEAs) (including charter schools that are LEAs) in the State to help meet a wide range of needs arising from the coronavirus pandemic, including reopening schools safely, sustaining their safe operation, and addressing students' social, emotional, mental health, and academic needs resulting from the pandemic. The State must allocate these funds to LEAs on the basis of their respective shares of funds received under Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA) in fiscal year (FY) 2020.
- The ARP ESSER Fund includes three State-level reservations for activities and interventions that
 respond to students' academic, social, and emotional needs and address the disproportionate impact
 of COVID-19 on underrepresented student subgroups, including each major racial and ethnic group,
 children from low-income families, children with disabilities, English learners, gender, migrant students,
 students experiencing homelessness, and children and youth in foster care:
 - 5 percent of the total ARP ESSER allocation for the implementation of evidence-based interventions aimed specifically at addressing learning loss, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs.
 - 1 percent of the total ARP ESSER allocation for evidence-based summer enrichment programs.
 - 1 percent of the total ARP ESSER allocation for evidence-based comprehensive afterschool programs.
- A State may use up to ½ of 1 percent of its total ARP ESSER allocation for administrative costs and emergency needs as determined by the State to address issues related to COVID-19.

Reservation for Homeless Children & Youth

The ARP ESSER Fund also requires the Department to reserve \$800 million to support efforts to identify homeless children and youth, and provide them with comprehensive, wrap-around services that address needs arising from the COVID-19 pandemic and allow them to attend school and participate fully in all school activities. The Department will award these funds expeditiously, and will work to coordinate these new resources with supports provided through the McKinney-Vento Homeless Assistance Act as well as other ARP ESSER Fund activities targeting homeless children and youth.

LEA Use of ARP ESSER Funds

Of the total amount allocated to an LEA from the State's ARP ESSER award, the LEA must reserve at least 20 percent of funds to address learning loss through the implementation of evidence-based interventions and ensure that those interventions respond to students' social, emotional, and academic needs and address the disproportionate impact of COVID-19 on underrepresented student subgroups (each major racial and ethnic group, children from low-income families, children with disabilities, English learners, gender, migrant students, students experiencing homelessness, and children and youth in foster care).

Remaining LEA funds may be used for a wide range of activities to address needs arising from the coronavirus pandemic, including any activity authorized by the ESEA, the Individuals with Disabilities Education Act (IDEA), Adult Education and Family Literacy Act (AEFLA), or Carl D. Perkins Career and Technical Education Act of 2006 (Perkins CTE). Specifically, ARP ESSER funds may be used to develop strategies and implement public health protocols including, to the greatest extent practicable, policies in line with guidance from the Centers for Disease Control and Prevention (CDC) on reopening and operating schools to effectively maintain the health and safety of students, educators, and other staff, as well as:

- coordinating preparedness and response efforts with State, local, Tribal, and territorial public health departments to prevent, prepare for, and respond to COVID-19;
- training and professional development on sanitizing and minimizing the spread of infectious diseases;
- purchasing supplies to sanitize and clean the LEA's facilities;
- repairing and improving school facilities to reduce risk of virus transmission and exposure to environmental health hazards;
- improving indoor air quality;
- addressing the needs of children from low-income families, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth;
- developing and implementing procedures and systems to improve the preparedness and response efforts of LEAs;
- planning for or implementing activities during long-term closures, including providing meals to eligible students and providing technology for online learning;

A RESOLUTION APPROVING AN INTERGOVERNMENTAL AGREEMENT BETWEEN THE CITY OF LEADVILLE AND LAKE COUNTY SCHOOL DISTRICT R-1 CONCERNING LAND DEDICATION REQUIREMENTS AND PAYMENT OF FEES IN LIEU OF LAND DEDICATION REQUIREMENTS FOR SCHOOL PURPOSES

WHEREAS, the City of Leadville, Colorado ("City") is authorized to enter into contracts for the performance of general municipal governance and services; and

WHEREAS, the Lake County School District ("School District") and the City are government entities authorized to enter into intergovernmental agreements pursuant to C.R.S. § 29-1-203 to cooperate and contract with one another to provide any function, service or facility lawfully authorized to each of the cooperating or contracting units; and

WHEREAS, local governments are encouraged and authorized to cooperate or contract with other units of government pursuant to C.R.S. § 29-20-105 for the purpose of planning or regulating development of land, including but not limited to the joint exercise of planning, zoning, subdivision, building and related regulations; and

WHEREAS, the growth in residential land development in the City creates for the School District the need to build additional school facilities or to expand existing school facilities in order to accommodate the corresponding increases in the student population, which requires, in connection with such new development within the City, the dedication of land for new school facilities ("School Sites") or the payment of an in-lieu fee to be used to buy the needed land or to expand existing school facilities ("In-Lieu Fee") to help to meet such demand; and

WHEREAS, the School District has adopted a methodology for calculating the School District's need for additional land or expanded school facilities that will result from any proposed land use approval by the City involving new residential development; and

WHEREAS, the City is authorized to adopt appropriate ordinances and regulations for the purpose of promoting and preserving the public health, safety and welfare of the City's residents; and

WHEREAS, City Council finds that there is an essential nexus between the need for the dedication of School Sites or the payment of an In-Lieu Fee and the legitimate public purposes of promoting and preserving the public health, safety and welfare of the residents living in the boundaries of the City and the School District; and

WHEREAS, in order to provide adequate school facilities to serve new residential land developments, it is imperative that the School District be consulted regarding land dedication for School Sites or the payment of an In-Lieu Fee in order to achieve rational and cost-effective planning and to assure that the requirements for land dedications or payment of an In-Lieu Fee are sufficient to serve student populations in areas that are experiencing new development; and

WHEREAS, school land dedication or payment of an In-Lieu Fee serve to implement the City's Comprehensive Plan by making provisions for public improvements in a manner appropriate for a modern, efficiently functioning municipality and by implementing those provisions of the Comprehensive Plan that are intended to ensure new development does not negatively impact the provision of municipal services; and

WHEREAS, the City, upon consideration of the effect of residential land developments and the ability of the School District to provide school facilities within the City, has determined that it is in the best interests of the City and its residents to enter into the Intergovernmental Agreement Concerning Land Dedication or Payment of a Fee in Lieu of Land Dedication for School Purposes ("Agreement") in substantially the form attached hereto as Exhibit 1.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Leadville, Colorado as follows:

- E. The City is authorized to adopt appropriate ordinances and regulations for the purpose of promoting and preserving the public health, safety and welfare of the City's residents.
- F. There is an essential nexus between the need for the dedication of School Sites or the payment of an In-Lieu Fee and the legitimate public purposes of promoting and preserving the public health, safety and welfare of the residents living in the boundaries of the City and the School District.
- G. In order to provide adequate School Facilities to serve new residential land developments, it is imperative that the School District be consulted regarding land dedication or the payment of an In-Lieu Fee for school sites in order to achieve rational and cost-effective planning and to assure that the requirements for land dedications or payment of an In-Lieu Fee are sufficient to serve student populations in areas that are experiencing new development.

- H. School land dedication or payment of an In-Lieu Fee serve to implement the City's Comprehensive Plan by making provisions for public improvements in a manner appropriate for a modern, efficiently functioning municipality and by implementing those provisions of the Comprehensive Plan that are intended to ensure new development does not negatively impact the provision of municipal services.
- I. The City, upon consideration of the effect of residential land developments and the ability of the School District to provide school facilities within the City, has determined that it is in the best interests of the City and its residents to enter into this IGA for the purpose of providing for the dedication of land for School Sites or the payment of an In-Lieu Fee as provided in this Agreement.
- J. Further, the Leadville City Council (the "City Council") is considering adoption of an ordinance to codify and implement the provisions of this Agreement (the "Implementing Ordinance").

AGREEMENT

NOW, THEREFORE, in consideration of the objectives, policies and findings expressed in the Recitals of this Agreement, which are hereby adopted by the Parties and incorporated by this reference, and the mutual promises contained in this IGA, the City and School District agree as follows:

"Methodology" means the formulas for calculating land dedication requirements and the In-Lieu Fee, set forth in **Exhibit A** attached hereto and incorporated herein by this reference.

By way of illustration and not limitation, such expenditures may include streets and roads, extension of utilities and drainage structures and facilities.

B. Determination of Land Dedication and In-Lieu Fee Requirements

- 1. The City and School District find and agree that the Methodology in **Exhibit A** is reasonable, and that the implementation of the Methodology will ensure the following as to each proposed Land Development Project:
 - a. That there is an essential nexus between the dedication or payment contemplated and a legitimate public purpose;
 - b. That the dedication or In-Lieu Fee payment will be reasonably proportional, both in nature and extent, to School District's need for additional space to serve an increased student population expected to result from the proposed Land Development Project; and
 - c. That the amount of any In-Lieu Fee payment to the School District will be based upon the market value of the land needed as a result of the Land Development Project.
- 2. Prior to or at the time that an application is submitted to the City for any Land Development Project, the School District shall have the right to obtain from the Developer any and all information the School District deems reasonably necessary for the purpose of determining whether the School District desires the dedication of any land for School Facilities within the Land Development Project.
- 3. If the School District determines that the dedication of School Sites is not feasible, is not consistent with School Facilities planning or usage, or is otherwise not in the best interests of the School District, the School District agrees to accept from the

Developer the payment of an In-Lieu Fee as provided in this IGA.

- 4. Upon the City receiving an application for any proposed Land Development Project, the City shall refer the Developer's application to the School District for its review, comment and recommendation concerning the adequacy of School Sites and School Facilities within the context of the proposed Land Development Project. The School District shall review the proposed Project within the time allotted on the City's "Request for Referral Agency Review and Comment" form, and shall submit its comments and recommendations, if any, to the City; provided, however, that the School District shall have a minimum of three weeks for new projects and two weeks for subsequent reviews of an existing project, unless otherwise agreed to by the parties in writing, in which to complete its review and provide comments.
- 5. The School District shall make a determination concerning the space available in its existing School Sites and School Facilities to serve the increased student populations expected to result from the Project based upon any planning standards of the School District in effect at the time the Developer's application is submitted to the School District for its review.
- 6. The City shall review any and all comments, recommendations and determinations made by the School District concerning the Project and, if the School District's recommendations and determinations are substantially in accordance with the Methodology and any other applicable provisions of this IGA, the City shall adopt the School District's recommendations and determinations and shall impose such requirements on the Developer that will ensure the implementation of the same as provided in this IGA.
- 7. If the School District determines that it would be beneficial for a Developer to dedicate land, the School District may negotiate with the Developer for such dedication. If the Developer and the School District do not reach agreement on a School Site within the time set forth for the School District to submit its comments to the City, the City agrees to defer action on the Land Development Project's application until a future time to allow the City, School District and Developer to negotiate further, but in no event shall the City be required to defer action on the application beyond an additional ninety (90) days.
- 8. The City agrees to conduct its process to review applications for Land Development Projects in a manner that encourages each Developer to cooperate with the School District's requests for information and participation in meetings as necessary for the determinations and undertakings contemplated in this Section B.

C. <u>Dedication and Conveyance of School Sites</u>

1. If, as a result of the process set forth in Section B above, agreement is reached between the School District and Developer for a School Site to be dedicated to the School District as part of the approval of any Land Development Project, the School District shall notify the City in writing. Upon receipt of such notification, the City

- shall thereafter accept the final plat for the Land Development Project, or any portion of it, for recording only if such plat provides for the contemporaneous dedication and conveyance of such School Site to the School District.
- 2. If, as a result of the process set forth in Section B above the School District determines that it would be beneficial for a Developer to dedicate land, but no agreement is reached between the School District and Developer for dedication of a School Site as part of the approval of the Land Development Project, the School District shall so notify the City in writing within the time provided in paragraph 5 of Section B above. Upon receipt of such notification, and provided that the School District's land dedication requirement is substantially in accordance with the Methodology and any other applicable provisions of this IGA, the City shall, to the extent permitted by law, adopt the School District's determination and shall reject the final plat for the Land Development Project, or any portion of it. Thereafter, the final plat for such Land Development Project shall be accepted by the City for recording only if such plat provides for the contemporaneous dedication and conveyance of a School Site acceptable to the School District.
- 3. Dedication of a School Site shall occur no later than the date of final approval of the Land Development Project and shall be evidenced by dedication language set forth in the final plat for the Project.
- 4. The following shall occur prior to the issuance of the first building permit for the Land Development Project containing a School Site:
 - a. The School Site shall have overlot grading, direct access to a publicly dedicated street(s) improved to City standards and utilities stubbed to the School Site; and
 - b. Title to the School Site shall be conveyed to the School District by general warranty deed, free and clear of all liens, encumbrances and exceptions (except those approved in writing by the School District), including, without limitation, real property taxes, which will be prorated and paid as of the date of conveyance. The Developer shall provide the School District with a title insurance commitment and policy in an amount equal to the fair market value of the dedicated property.

D. Assessment and Amount of In-Lieu Fee

If the School District determines that it wishes to receive a payment of the In-Lieu Fee, then the amount of the In-Lieu Fee payment shall be determined according to the Methodology then in effect and paid to the School District prior to issuance by the City of any building permit for the Land Development Project. In the event the Developer obtains approval from the City for the phasing of the Land Development Project that results in separate filings and final plats for each phase, the Developer may defer the payment of the In-Lieu Fee until the recording of the final plat for each phase; provided, however, that in such case the amount of the payment shall be based on the Methodology in effect at the time of the approval of the application

materials for each phase.

E. Methodology for Assessing In-Lieu Fee

- 1. The Parties agree that the Methodology has been developed in a manner so as to fairly apportion the cost of acquiring School Sites made necessary by residential development and to ensure that any In-Lieu Fee revenues received by the School District will be used by it for the purposes of School Site Acquisition and Development or the expansion of School Facilities within or serving City. All dedication requirements and In-Lieu Fee payments shall be based upon the Methodology, as the same may be amended from time to time in accordance with paragraph 2 below, which is in effect at the time the Developer submits to the City the application for the subject Land Use Development.
- 2. The Methodology adopted pursuant to the provisions of this IGA shall remain in effect unless and until updated by the School District and approved by the City Council. If and when updates are adopted by the School District, a copy of **Exhibit A**, reflecting such updates, shall be furnished to the City within thirty (30) days after its adoption by the School District. The City Council shall thereafter either approve or reject the updated Methodology; provided, however, that the City Council shall not unreasonably withhold or delay approval.
- 3. Notwithstanding the foregoing, the City Council shall not be required to approve any updated Methodology that proposes an increase in the School Site dedication requirements or the In-Lieu Fee amounts that are in excess of 10% of the requirements and amounts that are in Methodology being replaced and in no event shall the City Council be required to approve any Methodology that proposes dedication requirements or In- Lieu Fee amounts that the City is not authorized by law to impose. The last approved Methodology shall be in effect until such revised Methodology becomes effective following the City's approval. The City shall amend any ordinances necessary to implement and codify any updated Methodology within a reasonable time following the City's approval of such updates to this IGA. The updated Methodology and any new assessments associated with the updated Methodology shall not be effective until the ordinance codifying such changes in the City Code becomes effective.

F. Collection, Deposit and Expenditure of In-Lieu Fee

- 1. All payments of the In-Lieu Fee shall be paid directly to the School District by the Developer. The School District shall be solely responsible for the funds it receives, and the City shall not be responsible for collection of or accounting for any payment of an In-Lieu Fee.
- 2. The School District shall earmark and expend the funds collected from the In-Lieu Fees only for the purposes of School Site Acquisition and Development, expansion of School Facilities, and for the planning and development of such acquisitions and expansions. When expenditures of In-Lieu Fees are made for the acquisition of a

School Site or the expansion of a School Facility, the expenditures may be made for School Sites located within or serving the City.

- F. <u>Payment of In-Lieu Fee</u>. If the school district determines that it wishes to receive a payment of the in-lieu fee instead of requiring developer to dedicate land, then the amount of the payment by developer to the school district shall be determined according to the section 16.40.040 of this code. Developer shall pay such in-lieu fee to the school district.

G. Issuance of Building Permits.

- 1. The city shall not issue any building permit for a land development project for which a developer is required to dedicate land to the school district pursuant to this chapter until the developer completes of the following:
 - a. The developer shall convey to the school district title to the land dedicated to the school district by general warranty deed, free and clear of all liens, encumbrances and exceptions (except those approved in writing by the school district), including, without limitation, real property taxes, which will be prorated and paid as of the date of conveyance. The developer shall also provide the school district with a title insurance commitment and policy in an amount equal to the fair market value of the dedicated property.

- b. The developer shall complete overlot grading, provide direct access to publicly dedicated street or streets improved according to city standards, and stub utilities to such dedicated land.
- 2. If the school district determines to receive an in-lieu fee instead of requiring land dedication, the city shall not issue any building permit for a land development project unless and until such in-lieu fee has been paid to the school district by the developer.

16.40.060 – Revision of land dedication requirements or in-lieu fees.

The city council, in coordination with school district, may from time to time review and update the land dedication requirements and the in-lieu fee schedule requirements set forth in the intergovernmental agreement between the city and school district. Within a reasonable time thereafter, the city shall codify such changes through the adoption of an ordinance updating the applicable regulations set forth in this chapter. Such changes shall not be effective until the ordinance codifying such changes in the city code becomes effective

- <u>Section 3.</u> Remaining Provisions. Except as specifically amended hereby, all other provisions of the Leadville Municipal Code shall continue in full force and effect.
- <u>Section 4.</u> Codification Amendments. The codifier of Leadville's Municipal Code is hereby authorized to make such numerical, technical and formatting changes as may be necessary to incorporate the provisions of this Ordinance within the Leadville Municipal Code.
- <u>Section 5.</u> Severability. Should any one or more sections or provisions of this Ordinance be judicially determined invalid or unenforceable, such judgment shall not affect, impair or invalidate the remaining provisions of this Ordinance, the intention being that the various sections and provisions are severable.
- Section 6. Repeal. Any and all ordinances or codes or parts thereof in conflict or inconsistent herewith are, to the extent of such conflict or inconsistency, hereby repealed; provided, however, that the repeal of any such ordinance or code or part thereof shall not revive any other section or part of any ordinance or code provision heretofore repealed or superseded and this repeal shall not affect or prevent the prosecution or punishment of any person for any act done or committed in violation of any ordinance or code hereby repealed prior to the taking effect of this ordinance.
- Section 7. Safety Clause. The City Council hereby finds, determines, and declares that this Ordinance is promulgated under the general police power of the City of Leadville, that it is promulgated for the health, safety, and welfare of the public, and that this Ordinance is necessary for the preservation of health and safety and for the protection of public convenience and welfare. The City Council further determines that the Ordinance bears a rational relation to the proper legislative object sought to be attained.
- **Section 8. Effective Date.** This ordinance shall become effective thirty (30) days after publication following final passage.

Board Member Conflict of Interest

Public office is a trust created by the confidence the electorate reposes in the integrity of local government officials for the common good and for the benefit of the people. A conflict of interest arises when a public officer is unable to devote complete loyalty and singleness of purpose to the general public interest.

It is the intent of this policy to protect the public trust placed in directors of this school district. For purposes of this policy, the Board declares that a conflict of interest is a personal, pecuniary interest that is immediate, definite and demonstrable.

A Board member who has a personal or private interest in a matter proposed or pending before
the Board shall disclose such interest to the Board, shall not vote on it and shall not attempt to
influence the decisions of other Board members in voting on the matter.

However, if a Board member has complied with statutory disclosure requirements by voluntarily notifying the secretary of state of interest in the matter, the member may vote if participation is necessary to obtain a quorum or otherwise enable the Board to act. If a member votes under these circumstances, the member shall state for the record the fact and summary nature of the potential conflict of interest.

The written disclosure to the secretary of state shall list as applicable the amount of the member's financial interest, the purpose and duration of any services rendered, compensation received for services or such other information necessary to describe the interest.

- 2. The Board considers it a conflict of interest for a Board member to also be employed by the district with the exception of part-time, occasional or seasonal positions, including but not limited to athletic/activities coaches, substitutes in any area and/or temporary positions. Any board member so hired shall be compensated in the same manner as would any other person providing such services. If the Board makes a determination that such employment presents minimal opportunity for a conflict of interest said conflict will be avoided by an abstention of the board member from discussion or action relating directly or indirectly to the Board Member's employment.
- 3. This policy does not prohibit any employee of Lake County School District from seeking a position on the Board of Education but does prohibit any change in the contract position.
- 4. The Board shall not enter into any contract with any of its members or with a firm or corporation in which a member has a financial interest unless one or more of the following apply:

- a. The contract is awarded to the lowest responsible bidder based on competitive bidding procedures.
- b. The merchandise is sold to the highest bidder at a public auction.
- c. The transaction involves investing or depositing money in a financial institution which is in the business of loaning money or receiving money.
- d. If, because of geographic restrictions, the district could not otherwise reasonably afford the contract because the additional cost to the district would be greater than 10 percent of the contract with the interested member or if the contract is for services that must be performed within a limited time period and no other contractor can perform the services.
- e. If the contract is one in which the Board member has disclosed a personal interest and is one on which the member has not voted or has voted as allowed in state law following disclosure to the secretary of state and to the Board.
- f. Except as described herein, a Board member shall not be a purchaser at any sale or a vendor for any purchase made by the district.
- 5. A Board member may request an advisory opinion from the secretary of state concerning issues relating to personal conduct and potential conflict of interest.
- 6. A Board member must avoid conflict of interest with respect to his or her fiduciary responsibility. Accordingly, a Board member may not:
 - a. Disclose or use confidential information acquired in the course of official duties to further substantially personal financial interests.
 - b. Accept a gift of substantial value or substantial economic benefit tantamount to a gift of substantial value which would tend to improperly influence a reasonable person in that position or which the Board member knows or should know is primarily for the purpose of a reward for official action taken (The phrase "economic benefit tantamount to a gift of substantial value" includes a loan at a rate of interest substantially lower than the prevailing commercial rate and compensation received for private services rendered at a rate substantially exceeding the fair market value).
 - c. Engage in a substantial financial transaction for private business purposes with a person whom the Board member supervises in the course of official duties.
 - d. Perform an official act which directly and substantially confers an economic benefit on a business or other undertaking in which the Board member has a substantial financial interest or is engaged as a counsel, consultant, representative or agent.
- 7. It is permissible for a Board member to receive:

- a. Campaign contributions and contributions in kind which are reported in accordance with state law.
- b. An occasional nonpecuniary gift which is insignificant in value.
- c. A nonpecuniary award publicly presented by a nonprofit organization in recognition of public service.
- d. Payment or reimbursement for actual and necessary expenditures for travel and subsistence for attendance at a convention or other meeting at which the Board member is scheduled to participate.
- e. Reimbursement for or acceptance of an opportunity to participate in a social function or meeting which is not extraordinary when viewed in light of the position.
- f. Items of perishable or nonpermanent value including but not limited to meals, lodging, travel expenses or tickets to sporting, recreational, educational or cultural events. Tickets to these events may have to be reported in accordance with the public official disclosure law.
- g. Payment for speeches, appearances or publications reported in accordance with the public office disclosure law.
- 8. It is not considered a breach of conduct for a Board member to:
 - a. Use school facilities and equipment to communicate or correspond with constituents, family members or business associates.
 - Accept or receive a benefit as an indirect consequence of transacting school district business.

School Board Member Financial Disclosure

Board members are required by law to disclose certain items received in connection with serving on the Board. If Board members receive such items, they must file a report with the county clerk and recorder on forms supplied by the secretary of state. Such reports must be filed on or before January 15, April 15, July 15 and October 15 of each year, and shall cover the period since the last report. The report must contain the name of the person from whom the reportable item was received, its value and the date of receipt. Board members who do not receive any items that must be reported are not required to file a report.

- 1. Items which must be reported include the following:
 - a. Any money received including a loan, advance or guarantee of a loan with a value of \$25 or more.
 - b. Any gift of any item of real or personal property other than money with a value of \$50 or more.
 - c. Any loan of real or personal property if the value of the loan is \$50 or more. "Value of the loan" means the cost saved or avoided by the Board member by not borrowing, leasing or purchasing comparable property from a source available to the general public.
 - d. Any payment for a speech, appearance or publication.
 - e. Tickets to a sporting, recreational, educational or cultural event with a value of \$50 or more for a single event or a series of tickets to sporting events of a specific team during a season or to cultural events of a specific company with a total value of \$100 or more.
 - f. Payment of or reimbursement for actual and necessary expenses for travel and lodging for attendance at a convention or other meeting at which the Board member or candidate for the Board is scheduled to participate unless the payment for such expenditures is made from public funds or from the funds of any association of public officials or public entities such as the Colorado Association of School Boards (CASB).
- 2. The financial disclosure need not include the following:
 - a. A contribution or contribution in kind that already has been reported pursuant to the Fair Campaign Practices Act.

- b. Any item of perishable or nonpermanent value including meals unless such item is required to be reported under paragraph 1. e. above.
- c. A nonpecuniary award publicly presented by an organization in recognition of public service.
- d. Payment of or reimbursement for actual or necessary expenses for travel and lodging for attendance at a convention in which the individual is scheduled to participate if the payment or reimbursement is made from public funds or from the funds of any association of public officials or public entities such as CASB.
- e. Payment of salary from employment including other government employment.
- 3. To avoid misunderstanding about the value of an item, the donor must furnish the Board member with a written statement of the dollar value of the item when it is given.
- 4. Board members who do not receive any reportable items are not required to file a report.

Process for Addressing Board Member Violations

The Board and its members are committed to faithful compliance with the provisions of the Board's policies. In the event of a member's violation of policy, the Board will seek remedy by the following process:

- a. First, conversation in a private setting between the member in question and the Board president or other individual member.
- b. Second, discussion in a work session between the member in question and the full Board.
- c. Third, public censure of the member in question.

Development of New Board Policy

It is the Board's responsibility to develop governing policy. A systematic, predictable means of developing policy will promote community, school, parent and student involvement in policy decisions of the Board and encourage careful and well informed decision making by the Board. Accordingly, the Board will develop new policy or substantially revise existing policy as follows:

1. Informal Introduction:

Any new policy concept may be introduced, informally by any person, during the public comment portion of the Board meeting. The policy concept may be discussed by the Board at that time, scheduled for in depth discussion at a Board workshop or referred to staff for further drafting. No formal action will be taken on informal policy proposals.

2. Formal Introduction:

Prior to consideration, all new or revised policies must be submitted to the Board in writing:

- a. A Board member may introduce a new or revised policy if the Board member has notified the Board President in sufficient time so that the proposed policy can be placed on the agenda and each Board member can be provided a copy of the policy.
- b. A community member, student, parent, staff member, teacher or administrator may seek introduction of a new or revised policy by discussing it with a Board member or giving it to a Board member in writing. The Board member may then at his or her discretion introduce it as provided above.

3. First Reading:

Any policy that is formally introduced pursuant to paragraph 2 above, shall be given a "first reading" by the Board at the scheduled time on the agenda. After the first reading, the Board will entertain discussion to those attending the meeting.

If the policy fails to meet with the approval of a majority of the Board, it will be eliminated from further discussion. The policy may be redrafted and resubmitted for another first reading.

If the policy with or without amendments, meets with approval of a majority of the Board it will be placed on the agenda for the next monthly business meeting under "action items."

4. Second Reading:

A policy that is placed on the agenda as an action item pursuant to paragraph 3 above shall receive a second reading. After the reading, the Board will entertain discussion to those attending the meeting.

5. Adoption:

After the second reading, upon motion and second, the policy may be adopted, with or without amendments, by approval of a majority of the Board. If extensive or controversial amendments are necessary as determined by the Board President, the policy will be rescheduled as an action item, as amended, for the next monthly business meeting of the Board and will receive another reading pursuant to paragraph 4 above.

6. Form of Readings:

Readings may be aloud or silent, at the discretion of the President. Copies of the proposal will be provided for those attending the meeting.

Any portion of this policy may be waived by a majority vote of the Board for good cause or in case of emergency.

Policy Type: Governance Process

Public Participation at School Board Meetings

All regular and special meetings of the Board shall be open to the public. While the Board's meeting time is dedicated to its strategic mission and top priorities, the Board desires to hear the viewpoints of all community residents. The Board shall therefore schedule time during Board meetings for comments and questions from the public for consideration or follow-up. Public comment at regular meetings may be on items on the agenda or any topic related to the Board's oversight of the schools. Comments at special meetings must be on the topic of the agenda item being considered by the Board.

The Board shall set reasonable time limits on the length of public participation and on the length of individual speeches. Speakers must sign in. Time limits may be set by the Board President following the guidance outlined below or other approaches, at their discretion, taking into account the issues under consideration and number of individual speakers or groups wishing to be heard.

- a three-minute time limit for individual speakers if fewer than 20 individuals have signed up to speak. If four or more individuals sign up as a group on the same topic, they may be allotted 10 minutes to arrange their time in any respectful way the collective individuals decide.
- a two-minute limit and five minutes for groups, if more than 20 individuals sign up to speak to the Board.
- a one-minute time limit for individual speakers and three minutes for groups, if more than 30 individuals sign up to speak to the Board.

Members of the public are encouraged to exercise their rights to free speech responsibly. Specifically, the Board reminds members of the public that school-age children may be present, and that Board and School District meetings shall model the respectful behavior that we teach our students. The Board encourages the discussion of all personnel matters be conducted in executive session.

The Board president shall be responsible for recognizing all speakers who shall properly identify themselves, for maintaining proper order, and for adherence to any time limits set. Questions asked by the public may be referred to the superintendent or the superintendent's designee for consideration and later response.

Members of the public wishing to make formal presentations before the Board should make arrangements in advance with the superintendent and/or Board president so that such presentations may be scheduled on the Board agenda.

In addition to public participation during meetings, the Board is committed to engaging members of the community on an ongoing basis regarding community values about education during times other than the Board's regular meetings.

CROSS REF: Administrative Policy: KE, Public Concerns and Complaints

Global Governance-Management Connection

The Board's sole connection to the operational organization of the school district is the Superintendent.

Unity of Control

Only motions officially passed by the Board acting as a whole are binding on the Superintendent.

- Decisions or instructions of individual Board members, officers or committees are not binding on the Superintendent except in rare instances when the Board has specifically authorized such exercise of authority.
- 2. Individual Board members, when requesting information, shall forward all such requests to the Superintendent.
- 3. In the case of Board members or committees requesting information or assistance without Board authorization, the Superintendent can refuse such requests that require, in the Superintendent's opinion, a material amount of staff time or resources or that are disruptive or unreasonable.

Accountability of the Superintendent

The Superintendent is the Board's only link to the operational organization of the school district; all authority and accountability of staff, as far as the Board is concerned, is considered to be the responsibility of the Superintendent.

- 1. The Board will never give instructions to persons who report directly or indirectly to the Superintendent.
- 2. The Board will refrain from formally evaluating any staff other than the Superintendent; however, this shall not prevent the Board, in exercising its legal responsibilities, from making, exercising or considering judgments regarding staff members.
- 3. The Board will view successful Superintendent performance as organizational accomplishment of the Board's *District Priorities* policies and compliance with the Board's *Staff/Superintendent Guidelines* policies.

Delegation to the Superintendent

The Board will instruct the Superintendent through written policies which prescribe the organizational ends to be achieved and describe organizational situations and actions to be avoided, allowing the Superintendent to use any reasonable interpretation of these policies.

- The Board will develop policies instructing the Superintendent to achieve certain results for certain recipients at a specified cost. These policies will be developed systematically from the broadest, most general level to more defined levels and will be called *District Priorities* policies.
- 2. The Board will develop policies which limit the latitude the Superintendent may exercise in choosing the organizational means. These policies will be developed systematically from the broadest, most general level to more defined levels and they will be called *Staff/Superintendent Guidelines* policies.
- As long as the Superintendent uses any reasonable interpretation of the Board's *District Priorities* and *Staff/Superintendent Guidelines* policies, the Superintendent is authorized to establish all further policies, make all decisions, take all actions, establish all practices and develop all activities.
- 4. The Board may change its District Priorities and Staff/Superintendent Guidelines policies, thereby shifting the boundary between Board and Superintendent domains. By doing so, the Board changes the latitude of choice given to the Superintendent. However, as long as any specified delegation of authority is in place, the Board will respect and support any reasonable interpretation of its policies.

Monitoring Superintendent Performance

Superintendent Job performance will be monitored systematically and rigorously against the only Superintendent Job expectations: organizational accomplishment of Board's *Strategic Policies* and organizational operation within the boundaries established in the Board's *Staff/Superintendent Guidelines* policies.

- 1. Monitoring determines the degree to which board policies are being met. Information that does not contribute to this purpose is not considered monitoring data.
- 2. Monitoring fulfills the Board's responsibility of overseeing management of the school district's major systems. More specific information is contained in the Management Oversight policy.
- 3. The Board will acquire monitoring data on *Strategic Policies* and *Staff/Superintendent Guidelines* policies by one or more of three methods:
 - a. By internal report, in which the Superintendent discloses compliance information to the Board.
 - b. By external report, in which an external, disinterested third party selected by the Board assesses compliance with Board policies.
 - c. By direct Board inspection, in which the Board assesses compliance with the appropriate policy criteria.
- 4. In every case, the standard for compliance shall be whether the Superintendent has reasonably interpreted the Board policy being monitored. The Board will make the final determination as to whether a Superintendent interpretation is reasonable.
- 5. All policies which instruct the Superintendent will be monitored at a frequency and by a method chosen by the Board. The Board may monitor any policy at any time by any method, but ordinarily will depend on the following schedule and method, as described in the Oversight Calendar, see SP-4C-1,SP-4C-2 and SP-4C-3.
- 6. In conjunction with the conclusion of the Board's annual planning cycle, each January the Board will conduct a formal summative evaluation of the Superintendent. The summative evaluation will be based upon data derived during the year from monitoring Board policies on Strategic Policies and Superintendent/Staff Guideline. A written evaluation document will be prepared by

the Board. The Superintendent will have the opportunity to review the document with the Board in executive session. The report will be signed by the Superintendent and the president of the Board.

The evaluation document will consist of:

- a. A summary of the data derived throughout the year from monitoring the Board's policies on *Strategic Policies* and *Staff/Superintendent Guidelines*.
- b. Conclusions relative to whether each end has been achieved or whether reasonable progress has been made toward its achievement.
- c. Conclusions relative to whether the Superintendent has properly operated within the boundaries established in the Superintendent/Staff Guideline policies.

Nothing in this policy will be construed to imply in any manner the establishment of any personal rights not explicitly established by statute, Board policy or contract. All employment decisions regarding the Superintendent remain within the sole and continuing discretion of the Board.

Monitoring Superintendent Performance

In Board Policies the Board has set forth areas in which they wish to evaluate the superintendent. By focusing on these areas to evaluate the superintendent the board has prioritized these areas. This document serves as a mechanism to bring those systems together. Each year as part of the Superintendent's evaluation the strategic plan and oversight documents will be updated and then this document will be updated to match those documents. This document clarifies the Board's expectations for the Superintendent's performance on a yearly basis.
