Section I. Application Narrative

Executive Summary

The purpose of The Center Early Childhood Programs in Leadville, Colorado is to provide high quality Early Head Start and Head Start programming for children and families of Lake County.

Lake County School District R1 Head Start is currently in year 2 of a 5 year grant funding cycle from the Administration for Children and Families to serve 30 Head Start preschool children and 9 Early Head Start families.

Knowing that Head Start programs play a role in encouraging lifelong healthy eating habits, our program strives to provide high quality nutrition services to children in the classroom and connect families with local food resources.

Our proposal is for supplemental funds to purchase tools and other supplies to aid in providing breakfast, lunch, and snack during the school day in accordance with CACFP regulations and to provide healthy provisions at Policy Council meetings, Parent Committee meetings, and Early Head Start socializations.

Community and Program Needs

The Lake County School District Head Start program and The Center's service area is all of Lake County, where the population is localized around the City of Leadville and the surrounding area. Our community has one large grocery store, one specialized grocery

store, and one dollar store that has some groceries. The next grocery store in any direction is at least 35 miles away. Over half of the students in Lake County School District qualify for free or reduced lunches and Kids Count reports that over a quarter of children in Lake County receive WIC vouchers.

The Center offers healthy meals through the CACFP meal program and includes nutrition activities in the curriculum to make healthy and fun snacks in classrooms. Serving meals family-style offers opportunities to encourage children to try and enjoy healthy foods. Teachers and kitchen staff are trained in CACFP requirements including safe food handling and record keeping. Food preparation and serving tools and equipment wear out and must be periodically replaced, no matter how well maintained. Investing in commercial grade items make large scale food preparation more efficient and safer and lengthen the lifespan of these essential items.

Over the years, our program has found that providing food at meetings and other events increases attendance and makes it easier for families to attend gatherings and participate in training and governance activities. Rising costs of food coupled with stagnant or decreased funding levels mean that not as many offerings of this type have been possible.

In the interest of meeting program requirements, building relationships with children and families, and encouraging healthy eating habits outside of school time, our program requests supplemental funding to achieve these goals.

Proposal

Our proposal is for funding in the category of **Materials, Supplies, and Equipment**.

We request supplemental funds to purchase new serving tools to meet requirements of family style meals in classrooms and specialized food preparation equipment to ensure efficient use of limited meal prep time.

We request supplemental funds to provide simple and nutritious meals to Policy Council and the Parent Committee during meetings and for healthy snacks for Early Head Start socialization events.

Section II. Budget and Budget Justification Narrative

Budget Justification and Use of Funds

We propose one-time supplemental funding in the amount of \$7500.00.

The attached quote for replacement food preparation and serving equipment is for \$2295.40. This order would be placed and received in September.

A menu from our school district's food service shows that an \$11 enchilada meal for each of 300 attendees to a Family Fun Night to be scheduled this fall, which is our Parent Committee meeting, will have a cost of \$3300.00.

The cost for similar meals for Policy Council meetings average \$200 each for the four remaining regular meetings through the end of the fiscal year is \$800.00

The cost for snacks for the approximately ten EHS socializations for the remainder of the current fiscal year is \$100 x 10 which equals \$1000.00.

Rounding the total for these items up slightly to account for changing pricing brings our total request to \$7500.00.

The following table matches expenses to the input grid on the HSES website:

Head Start	Description	Amount
2. Child & Family Service Supplies	Includes materials, consumables, and other supplies for the kitchen, classrooms, and events	\$7500.00
	GRAND TOTAL	\$7500.00

Governing Body and Policy Council approvals

Approval for this proposal will be requested from the governing bodies at their next regular meetings, which will take place after the due date for this application.

Non-federal match

We request a waiver of the non-federal match requirement for this supplemental amount only. Our program enjoys plentiful support from the community and our existing plan to meet match requirements for our regular award are in place and on track for success. Adding additional amounts to this plan more than halfway through the fiscal year could prove difficult.

Confirmation of Not Duplicative Funding

No duplicative funding has been received from any federal funding source for any of the proposed expenses in this application. No funds have been received for these projects from the School Equipment Grant, the Patrick Leahy Farm to School Program or the USDA's Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) for any proposed uses of these supplemental funds.

INTERGOVERNMENTAL AGREEMENT
(Lake County Intermediate School Swimming Pool)

This Agreement ("Agreement") is made and entered into effective as of the 26 day of August, 2003 ("Effective Date"), by and between LAKE COUNTY SCHOOL DISTRICT R-1 ("School") and the BOARD OF COUNTY COMMISSIONERS OF LAKE COUNTY, COLORADO ("County").

WITNESSETH:

WHEREAS, School owns the recreational swimming pool and related facilities commonly known and described as the "Lake County Intermediate School Swimming Pool", located at 1000 West 6th Street, Leadville, Colorado ("Pool"); and

WHEREAS, School and County desire to enter into an intergovernmental agreement whereby County will operate and maintain the Pool for the use and benefit of the residents of, and visitors to, Lake County; and

WHEREAS, the parties have come to an agreement as to the terms under which the Pool will be operated and maintained by County, all as more fully set forth hereafter.

NOW, THEREFORE, for and in consideration of the mutual promises and covenants contained herein, and intending to be legally bound, the parties agree as follows:

1. Authority. This Agreement is entered into pursuant to the authority granted by Article XIV, Section 18(2)(a) of the Colorado Constitution and Part 2 of Article 1 of Title 29, C.R.S.

2. Definitions. As used in this Agreement, the following terms shall have the following meanings, unless the context clearly requires otherwise:

"County's use" of the Pool shall include the use of the Pool by the general public.

"Pool" shall mean and include the locker rooms, spa, lobby area, windows and walls, stairwell, and front reception desk, all in the "downstairs" (street level) portion of the Intermediate School property. The term "Pool" shall not mean or include any portion of the "upstairs" area of the Intermediate School (the level where the track and lunchroom are located).

"Term" shall mean the term of this Agreement as described in Paragraph 3.

3. Term. Subject to earlier termination as hereafter provided, the Term of this Agreement shall commence on the Effective Date, and shall end twenty five (25) years thereafter.

4. County to Operate Pool. During the term of this Agreement County shall open the Pool and make it available for use by the residents of, and visitors to, Lake County under the following terms and conditions:

4.1 Rates and Charges For Use of Pool. County shall have the sole and absolute right to establish, from time to time throughout the term of this Agreement, the rates and fees to be charged for use of the Pool. Such rates shall at all times be uniform and non-discriminatory; provided that rates charged to residents of Lake County may be different than rates charged to out-of-county users of the Pool. All money collected by County in connection with the public use of the Pool shall be the property of the County.

4.2 Hours of Operation. County shall have the authority to fix and determine the hours of operation of the Pool.

4.3 Recreation Programs. County shall have the right to determine what type(s) of recreational programs, if any, are to be held at the Pool, and shall have sole control over such programs.

4.4 Personnel. County shall hire and pay a sufficient number of qualified and properly trained County employees to properly operate and maintain the Pool, including, but not limited to, a full-time Pool Manager. Such employees shall at all times be deemed to be the employees of County and not employees of School. None of such employees shall be entitled to any compensation or benefits from the School, including, but not limited to, workers' compensation insurance or unemployment insurance benefits.

5. School's Right To Use Pool. Notwithstanding the provisions of Paragraph 4, School shall have the right to use the Pool to conduct its educational programs and recreational activities for its students. The County will endeavor to give priority to the School in its scheduling of the Pool, and use its best efforts to attempt to schedule student use as requested by the School; provided, however, the County shall have the ultimate authority and right to schedule the use of the Pool as described in Subparagraphs 4.2 and 4.3. The School shall compensate the County for the use of the Pool by School's students at rate(s) to be agreed upon, in advance, from time to time throughout the term of this Agreement. If the parties are ever unable to agree on the compensation to be paid to County by School for the use of the Pool by School's students, such disagreement shall be resolved in the manner provided in Paragraph 15.

6. Maintenance and Repairs.

6.1 Intent. It is the intent of this Agreement that County shall assume all costs associated with the operation, maintenance and upkeep of the Pool, and that the School shall be relieved from all such expenses, except as otherwise expressly provided to the contrary in this Agreement.

6.1 Custodial Maintenance. Despite such action, the parties will continue to participate in good faith in the procedures specified in this Paragraph.

15.6 Performance To Continue. Each party is required to continue to perform its obligations under this Agreement pending final resolution of any dispute arising out of or relating to this Agreement.

RE: Land Sales Update

TOPIC SUMMARY

Background: The Lake County BOCC and LCSD BOE have made an agreement to transfer land from LCSD to the County in exchange for \$950K.

Topic for Presentation: There are 2 land parcels in this agreement. The land parcel located near Federico Field (west end of 3rd and 2nd street) has not encountered issues.

The strip of land west of LCES has encountered an issue. The agreement plans to sell the north half of the parcel to the County. The District plans to retain ownership of the southern half with an easement for the County for utilities under this parcel. This arrangement will require a subdivision, which may be a lengthy process, delaying the sale.

Staff's current recommendation is to stay the course and pursue the subdivision process, however staff is open to additional input from the Board on how to proceed.

CO SAT: represent outcomes for designated subjects and student groups; participation rates count parent excusals as non-participants. For the 1-year report, calculations are based on 2025 state assessment results. Multi-year reports include 2023-2025 results. Cut-scores for the multi-year reports were re-normed based on 2025 results.

Dropout Rates: represent percentages of students enrolled in grades 7-12 for districts and 9-12 for schools at any time during the year who left and did not subsequently enroll in another Colorado school. 1-Year calculations are based on the 2024 End of Year (EOY) data submission. Multi-year reports include 2022 through 2024 records.

Matriculation Rates: represent percentages of high school graduates with a qualifying credential, enrollment, or enlistment status in a Career & Technical Education (CTE) program, a 2- or 4-year institute of higher education, a branch of the military, or a postsecondary program. Beginning in 2024, high school graduates who were enrolled in ASCENT, P-TECH, or TREP programs (i.e., Postsecondary Program) during their 5th year of high school count as successes. 1-Year calculations are based on the 2024 graduation cohort. Multi-year reports include 2022 through 2024 records.

Graduation Rates: represent percentages of students graduating high school within designated timeframes. Ratings are based on the best of the 4-, 5-, 6-, and 7-year graduation rates. AYGs designate Anticipated Years of Graduation, which are defined as four years after the year that students initially enroll in 9th grade. Calculations for 1-Year and Multi-Year reports are based on data for students with AYGs between 2021 and 2024.

For additional information about ratings, refer to the scoring guide on the last page of this report.

The performance framework evaluates district and school performance on Academic Achievement, Academic Growth, and Postsecondary & Workforce Readiness indicators. The percentage of points earned across all indicators determines the final accreditation rating for a district or the final plan type for a school, which is displayed above. The cut points for final ratings established by the State Board of Education are shown at the right of this page. Failure to meet finance, assessment, and safety assurances may result in a lowered rating. Refer to the scoring guide near the end of this report for more details on how ratings are determined.

School plan types are based on the total percentage of points earned.

*State accountability policy requires 95% student participation in state assessments. Students excused from testing by a parent or guardian do not impact the Accountability Participation Rate that determines whether the overall rating is reduced by one level. Districts or schools with less than 95% total participation in ELA and Math receive a "Does Not Meet 95% Total Participation" descriptor that is informational and does not impact framework calculations. The descriptor does not impact framework calculations. First-year in the U.S. Multilingual Learners eligible to take the ELP assessment count as participants for ELA.

CO SAT: represent outcomes for designated subjects and student groups; participation rates count parent excusals as non-participants. For the 1-year report, calculations are based on 2025 state assessment results. Multi-year reports include 2023-2025 results. Cut-scores for the multi-year reports were re-normed based on 2025 results.

Dropout Rates: represent percentages of students enrolled in grades 7-12 for districts and 9-12 for schools at any time during the year who left and did not subsequently enroll in another Colorado school. 1-Year calculations are based on the 2024 End of Year (EOY) data submission. Multi-year reports include 2022 through 2024 records.

Matriculation Rates: represent percentages of high school graduates with a qualifying credential, enrollment, or enlistment status in a Career & Technical Education (CTE) program, a 2- or 4-year institute of higher education, a branch of the military, or a postsecondary program. Beginning in 2024, high school graduates who were enrolled in ASCENT, P-TECH, or TREP programs (i.e., Postsecondary Program) during their 5th year of high school count as successes. 1-Year calculations are based on the 2024 graduation cohort. Multi-year reports include 2022 through 2024 records.

Graduation Rates: represent percentages of students graduating high school within designated timeframes. Ratings are based on the best of the 4-, 5-, 6-, and 7-year graduation rates. AYGs designate Anticipated Years of Graduation, which are defined as four years after the year that students initially enroll in 9th grade. Calculations for 1-Year and Multi-Year reports are based on data for students with AYGs between 2021 and 2024.

For additional information about ratings, refer to the scoring guide on the last page of this report.

The performance framework evaluates district and school performance on Academic Achievement, Academic Growth, and Postsecondary & Workforce Readiness indicators. The percentage of points earned across all indicators determines the final accreditation rating for a district or the final plan type for a school, which is displayed above. The cut points for final ratings established by the State Board of Education are shown at the right of this page. Failure to meet finance, assessment, and safety assurances may result in a lowered rating. Refer to the scoring guide near the end of this report for more details on how ratings are determined.

*State accountability policy requires 95% student participation in state assessments. Students excused from testing by a parent or guardian do not impact the Accountability Participation Rate that determines whether the overall rating is reduced by one level. Districts or schools with less than 95% total participation in ELA and Math receive a "Does Not Meet 95% Total Participation" descriptor that is informational and does not impact framework calculations. The descriptor does not impact framework calculations. First-year in the U.S. Multilingual Learners eligible to take the ELP assessment count as participants for ELA.

The performance framework evaluates district and school performance on Academic Achievement, Academic Growth, and Postsecondary & Workforce Readiness indicators. The percentage of points earned across all indicators determines the final accreditation rating for a district or the final plan type for a school, which is displayed above. The cut points for final ratings established by the State Board of Education are shown at the right of this page. Failure to meet finance, assessment, and safety assurances may result in a lowered rating. Refer to the scoring guide near the end of this report for more details on how ratings are determined.

*State accountability policy requires 95% student participation in state assessments. Students excused from testing by a parent or guardian do not impact the Accountability Participation Rate that determines whether the overall rating is reduced by one level. Districts or schools with less than 95% total participation in ELA and Math receive a "Does Not Meet 95% Total Participation" descriptor that is informational and does not impact framework calculations. The descriptor does not impact framework calculations. First-year in the U.S. Multilingual Learners eligible to take the ELP assessment count as participants for ELA.

Reflections & Improvement Priorities

 -

From the DAC - Reflections & Priorities

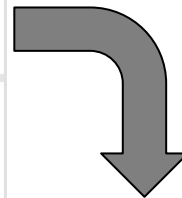

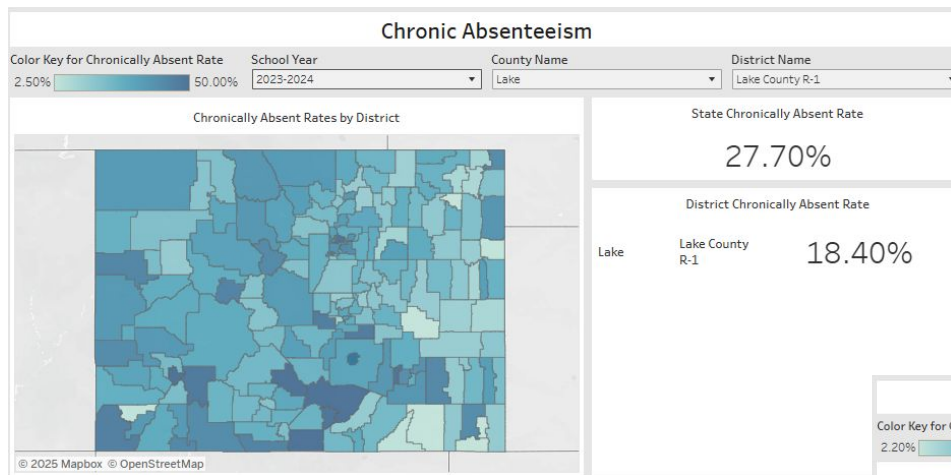

- Make sure teachers feel supported in the curriculum they are trying to utilize
- Keep curriculum over time–don't keep changing it
- Value consistency
- Implement stronger support for teachers who come in–provide training
- Focus on implementation rather than switching to something new
- Remember that change takes time

LCSD Spring 2025 Family Survey

Summary of results & next steps

Overview

- We gave a Panorama Family Survey to all LCSD parents and guardians in May-June 2025
- We got 186 responses (about 10% response rate)
- Since this is our first administration, we consider this baseline data
- We will give the survey again in the Spring of 2026
- We focused on three areas of questions:
 - Barriers to Engagement
 - School Climate
 - School Fit

How to use this chart

This heatmap illustrates the difference between all respondents for a given topic and smaller groups of respondents, giving insight into specific areas of focus for your school or district. Each cell in the heatmap is colored based on its delta to that topic's average score. The darker the color, the further from the average.

Monitoring Report: SP-5 - District Instruction and Learning Policy

Date of Report: September 8, 2025

Monitoring Period: 1 Year

Report Prepared by: Kate Bartlett, Superintendent

I. Policy

Here is a link to the policy: <https://www.lakecountyschools.net/wp-content/uploads/2018/01/SP-5.pdf>

II. Interpretation

The policy is intended to provide “unified vision, a strong foundation, and common educational values for the Lake County School District.” In this way, it is closely linked to the district’s vision, mission and strategic goals.

III. Evidence

Create a table or other means of highlighting the key elements of the policy and the district’s compliance with the element, i.e.

Evidence of Compliance

#	<i>Policy Requirement</i>	<i>Evidence or Process to Ensure Compliance with Examples</i>	<i>Instances of Non-Compliance</i>
1	Student learning and instruction is grounded in the following habits:	These habits are alive and well particularly in our K-6 schools. They are	None

	<ul style="list-style-type: none"> ● Responsibility ● Perseverance ● Respect ● Collaboration with peers, teachers, family members, and the community ● Craftsmanship ● Compassion through empathy, caring, and service Curiosity and critical thinking 	celebrated through a variety of traditions, including HOWLS (Habits of Work and Learning), CREW lessons and Student of the Month celebrations that are focused on one habit at a time.	
2	<p>Learning is understood to be:</p> <ul style="list-style-type: none"> ● Active ● Challenging ● Authentic ● Creative ● Continuous and life-long ● Shared and celebrated 	<p>There are several good examples of evidence for this policy element:</p> <ul style="list-style-type: none"> ● LCIS Celebrations of Learning: These are biannual events where parents are invited to the school and students present their learning in an interactive manner. Sample program. ● LCHS and CCHS Internship program: Our district is very unique in requiring a 60 hour internship for each student to graduate. These internships provide authentic and real-world learning experiences. Internship handbook. 	None
3	Rigorous instruction is designed to lead students to meet and exceed grade level expectations.	The adoption of rigorous, standards aligned curricula for ELA and Math at grades K-10 is significantly contributing to this goal.	None
4	Students learn in such a way that fosters diversity and inclusion among peers and community members. Students are guided in, and held responsible for, creating a school community that is equitable as well as physically and emotionally safe.	We measure this through student surveys such as the Healthy Kids Colorado and Panorama surveys at the high school levels. Two examples from LCHS demonstrate examples that	None

		<p>provide evidence for this policy element:</p> <ul style="list-style-type: none"> • LCHS Behavior Matrix - focuses on holding students responsible, consistent expectations and consequences, and physical and emotional safety. • LCHS Crew Lesson Sample: Building Empathy - focuses on building skills related to personal interactions and creating a strong and safe school community. 	
5	Learning connects students to the natural world.	We partner with organizations like Get Outdoors Leadville! And the Cloud City Conservation Center to provide field- and nature-based activities for our K-6 students, in particular.	None
6	<p>Students are encouraged to:</p> <ul style="list-style-type: none"> • Take meaningful risks • Grapple with situations, lessons, and problems that may be difficult for the individual learner • Be adventurous inside and outside of school • Make discoveries, overcome obstacles, and celebrate victories 	See Habits of a Learner above (#1) as well as LCIS Common Classroom Expectations for evidence. As a district we also provide an extraordinary array of extracurricular activities for a district of our size, which contributes to these elements.	None
7	The school community fosters time for reflection so that teachers and students may continuously learn, grow, and improve.	We provide many opportunities for feedback at all levels of the organization through surveys, invitations to participate on committees, one-on-one and small-group reflection activities. See Family Survey, Staff Survey, Student Surveys via Panorama.	None

8	We educate the whole person—intellectual, emotional, social, and physical.	We provide extensive emotional supports through Tier 1 instruction such as CREW in addition to Tier 2 and 3 intervention via our counseling and mental health staff. We provide physical education at all levels alongside extensive athletic and club offerings. These are in addition to a continuously evaluated academic instructional program.	None

I. Compliance

I report that the Superintendent and the district are in compliance with policy SP-5.

II. Monitoring Work

Future:

- This policy was extremely difficult to monitor due to the language used, which is often very general, and not specific or measurable.

III. Considerations for Revision

- I recommend that the Board revisit this policy, perhaps significantly, following the district strategic planning process during the 2025-26 school year to make sure that it stays aligned with the district's strategic goals and priorities.
