Strategic Direction

Policy Statement

For the period 2026–2031, the Board directs the Superintendent to implement the District’s Strategic Plan in alignment with the 2026-2031 Strategic Plan.

During this cycle, the District shall focus on the following Strategic Directions:

- Pursuing Educational Excellence
- Enhancing Student Experience
- Expanding Family and Community Collaboration

These Strategic Directions define the Board’s results expectations for the duration of the strategic planning cycle.

Accountability

The Superintendent shall present to the Board, in accordance with the Oversight Calendar, clearly defined metrics demonstrating system-level progress over time toward these outcomes. Metrics shall include measures of student academic performance, instructional coherence, workforce stability, and organizational effectiveness.

Review

This policy shall be reviewed annually in alignment with the Oversight Calendar.
